NOTE: Subject to Cooperative Purchasing
- |       |        |
|-------|--------|
| COOP  | DISAST |
| PURCH | PURCH  |

OLM OLMs are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Schedule contract or BPA. OLM pricing is not established at the Schedule contract or BPA level, but at the order level. Since OLMs are identified and acquired at the order level, the ordering contracting officer (OCO) is responsible for making a fair and reasonable price determination for all OLMs.

OLMs are procured under a special ordering procedure that simplifies the process for acquiring supplies and services necessary to support individual task or delivery orders placed against a Schedule contract or BPA. Using this new procedure, ancillary supplies and services not known at the time of the Schedule award may be included and priced at the order level.

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract:

<b>SIN</b>	<b>Part Number</b>	<b>Unit Price</b>
334290	XT-BIT1	\$101.70
334512	21" COUNTER-MODEL 74	\$71.79
334290L	GS-40-264920	\$4.31

2. Maximum Order: All SINs \$250,000

If the "Best Value" selection places your order over this Maximum Order, you have an opportunity to obtain a better schedule contract price. Before placing your order, contact the aforementioned contractor for a better price. The contractor may (1) offer a new price for this requirement (2) offer the lowest price available under this contract or (3) decline the order. A delivery order that exceeds the maximum order may be placed under the Schedule contract in accordance with FAR 8.404.

- 3. Minimum Order: \$100.00
- 4. Geographic Coverage: Domestic, 50 States, Washington DC, Puerto Rico, US Territories
- 5. Points of Production: Various United States Locations
- 6. Basic Discount: Prices shown herein are GSA Net

- 7. Quantity Discount(s): None, additional discounts may be negotiated with the ordering activity for orders exceeding the maximum order established
- 8. Prompt Payment Terms: Net 30 Days
- 9. Foreign Items: None
- 10a. Time of Delivery:

<u>Brand</u>	<u>Product Type</u>	<u>SIN</u>	<u>Delivery ARO</u>
Auto Gate, Inc.	Vehicle Barriers & Operators	334290L	84 Days
B&B ARMR Corporation	Active Vehicle Barriers	334290L	84 Days

All gates 8' tall and/or over 20' long require Masted Windbracing (not included). Freight NOT included in item price. Freight add'l charge & calculated from factory to delivery location.	\$11,284.19
AG-700-671216	GS-37-AG-700-671216	Saratoga Custom Picket w/ Rings	The Saratoga 700 Custom Picket Arched Gate with Rings is 6'-7' high x 12'-16' wide. All gates under 8' tall and 15' long DO NOT require windbracing, although it will be recommended where required. Freight NOT included in item price. Freight add'l charge & calculated from factory to delivery location.	\$9,120.38
AG-700-671720	GS-37-AG-700-671720	Saratoga Custom Picket w/ Rings	The Saratoga 700 Custom Picket Arched Gate with Rings is 6'-7' high x 17'-20' wide. All gates under 8' tall and 15' long DO NOT require windbracing, although it will be recommended where required. Freight NOT included in item price. Freight add'l charge & calculated from factory to delivery location.	\$10,857.87
AG-700-672124	GS-37-AG-700-672124	Saratoga Custom Picket w/ Rings	The Saratoga 700 Custom Picket Arched Gate with Rings is 6'-7' high x 21'-24' wide. All gates 8' tall and/or over 20' long require Masted Windbracing (not included). Freight NOT included in item price. Freight add'l charge & calculated from factory to delivery location.	\$11,423.82
AG-700-672526	GS-37-AG-700-672526	Saratoga Custom Picket w/ Rings	The Saratoga 700 Custom Picket Arched Gate with Rings is 6'-7' high x 25'-26' wide. All gates 8' tall and/or over 20' long require Masted Windbracing (not included). Freight NOT included in item price. Freight add'l charge & calculated from factory to delivery location.	\$11,912.93
<b>Shield Crash Arm Barrier</b>				
VPL-CB-24-K12-A-17	GS-37-VPL-CB-24-K12-A-17	Shield Crash Barrier Arm	The Shield VPL-CB-24-K12-A-17 Crash Barrier Arm System is a K12 rated (15,000 lb. vehicle at 50 mph) barrier arm only (no full size gate) with bolsters. It pivots open to 90 degrees and has a clear opening of up to 15'. Features include deep foundations, heavy duty bolsters, extreme weather tolerance and numerous access control options. The Shield is an all electric system - no hydraulics. Limited 3 year warranty. Freight NOT included in item price. Freight add'l charge & calculated from factory to delivery location.	\$34,646.95

<b>Model 400 Cantilevered Sliding Gate</b>				
400-1	GS-05-400-1	400 K4 Cantilever Sliding Gate Barrier	Model 400 K4 (15,000 lbs @ 30 mph) Crash Rated Cantilever Sliding Anti-Ram Gate Barrier w/ 12' wide clear opening. Gate barrier consists of a motor side buttress assembly, a cantilever gate leaf, receiver assembly & drive mechanism designed to stop & contain an unauthorized vehicle from entering a facility. Activation of gate is from a single set of dry contacts (card reader, push button, vehicle detector) & operated by hydraulic pumping unit (additional). Normal operating speed is 1.5 feet per second. Unique anti-climb design prevents scaling gate. Finish painted black. The hydraulic pumping unit is not included. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$34,149.87
400-3	GS-05-400-3	400 Master Control Panel	Master Control Panel with Annunciator for Model 400 K4 Crash Rated Cantilever Sliding Gate Single Barrier, rack mounted. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,413.10
400-4	GS-05-400-4	400 Remote Control Panel	Remote Control Panel with Annunciator for Model 400 K4 Crash Rated Cantilever Sliding Gate Barrier, rack mounted. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,241.81
400-5	GS-05-400-5	400 Additional Loop Detection	Add for Additional Loop Detection for Model 400 K4 Crash Rated Cantilever Sliding Gate Single Barrier. Includes Logic and Harness, ground loop not included. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$213.25
400-6	GS-05-400-6	400 Stop/Go Signal Light	Stop/Go Signal Light with 6' Mounting Stanchion for Model 400 K4 Crash Rated Cantilever Sliding Gate Barrier. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$779.35
400-6119-2	GS-05-400-6119-2	400 Hydraulic Pump Unit/Single Barrier	Model 6119 Hydraulic Pumping Unit for Model 400 single barrier includes a 208/3/60 motor with programmable logic controller, emergency fast operation, manual hand pump for non-power operation, hydraulic reservoir heater, vehicle loop detector system configured for safety/reset and 30 ft. of hydraulic hose with field fitting. The unit also comes with a weather resistant enclosure in black. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$14,554.91
<b>Model 450 Cantilevered Sliding Gate</b>				
450-1	GS-05-450-1	450 K12 Cantilever Sliding Gate Barrier	Model 450 K12 (15,000 lbs @ 50 mph) Crash Rated Cantilever Sliding Gate Barrier with a 12' wide clear opening. The gate barrier is operated by a hydraulic rack and pinion drive and can be activated from a single set of dry contacts (card reader, push button, vehicular detector). The electro-hydraulic sliding gate is designed with field-adjustable controls to meet specific security and control needs. Normal operating speed is 1.5 ft per second for standard 12-ft opening. The unique anti-climb design has a gate infill of 3/4" square steel tubes of 2.5" centers positioned to prevent scaling the gate. The hydraulic pumping unit is not included. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$38,753.15
<b>Model 450 Cantilevered Sliding Gate Options</b>				
450-2	GS-05-450-2	450 Hydraulic Pump Unit/Single Barrier	Model 6119 Hydraulic Pumping Unit for Model 450 single barrier includes a 208/3/60 motor with programmable logic controller, emergency fast operation, manual hand pump for non-power operation, hydraulic reservoir heater, vehicle loop detector system configured for safety/reset and 30 ft. of hydraulic hose with field fitting. The unit also comes with a weather resistant enclosure in black. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$14,554.91
450-3	GS-05-450-3	450 Master Control Panel	Master Control Panel with Annunciator for Model 450 K12 Crash Rated Cantilever Sliding Gate Single Barrier, rack mounted. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,413.10
450-4	GS-05-450-4	450 Remote Control Panel	Remote Control Panel with Annunciator for Model 450 K12 Crash Rated Cantilever Sliding Gate Barrier, rack mounted. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,241.81
450-5	GS-05-450-5	450 Additional Loop Detection	Add for Additional Loop Detection for Model 450 K12 Crash Rated Cantilever Sliding Gate Single Barrier. Includes Logic and Harness, ground loop not included. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$213.25

Manufacturer Part Number	Contractor Part Number	Product Name	Product Description	GSA Price
450-6	GS-05-450-6	450 Stop/Go Signal Light	Stop/Go Signal Light with 6' Mounting Stanchion for Model 450 K12 Crash Rated Cantilever Sliding Gate Barrier. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$779.35
<b>Model 6117 Hydraulic Pumping Unit</b>				
6117-1	GS-05-6117-1	6117 Hydraulic Pumping Unit	Hydraulic Pumping Unit Model 6117. The Model 6117 Hydraulic Extra Large Capacity Pumping Unit is designed to operate a series of 3-4 crash rated bollards/barriers. The pumping unit is designed to operate continuously with very little maintenance. The feet are designed to accept a standard concrete anchor for mounting. The unit is designed with a large open area to allow the positioning of conduits. The speed of operation can be controlled by adjusting the flow control valves. The hydraulic pumping unit is a complete assembly. In case of electrical failure, there is a manual pump which can be used to operate the unit once the directional control valve is shifted. The unit also comes with a weather resistant enclosure in black. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$21,406.30
<b>Model 6118 Hydraulic Pumping Unit</b>				
6118-1	GS-05-6118-1	6118 Hydraulic Pumping Unit	Hydraulic Pumping Unit Model 6118. The Model 6118 Hydraulic Large Capacity Pumping Unit is designed to operate dual crash rated barriers. The pumping unit is designed to operate continuously with very little maintenance. The feet are designed to accept a standard concrete anchor for mounting. The unit is designed with a large open area to allow the positioning of conduits. The speed of operation can be controlled by adjusting the flow control valves. The hydraulic pumping unit is a complete assembly. In case of electrical failure, there is a manual pump which can be used to operate the unit once the directional control valve is shifted. The unit also comes with a weather resistant enclosure in black. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$17,124.18
<b>Model 6119 Hydraulic Pumping Unit</b>				
6119-1	GS-05-6119-1	6119 Hydraulic Pumping Unit	Hydraulic Pumping Unit Model 6119. The Model 6119 Hydraulic Medium Capacity Pumping Unit is designed to operate a single crash rated bollard/barrier. The pumping unit is designed to operate continuously with very little maintenance. The feet are designed to accept a standard concrete anchor for mounting. The unit is designed with a large open area to allow the positioning of conduits. The speed of operation can be controlled by adjusting the flow control valves. The hydraulic pumping unit is a complete assembly. In case of electrical failure, there is a manual pump which can be used to operate the unit once the directional control valve is shifted. The unit also comes with a weather resistant enclosure in black. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$14,554.91
<b>Model 6120 Hydraulic Pumping Unit</b>				
6120-1	GS-05-6120-1	6120 Hydraulic Pumping Unit	Hydraulic Pumping Unit Model 6120. The Model 6120 Hydraulic Small Capacity Pumping Unit is designed to operate a single drop arm barrier, which requires relatively low pressure and low flow. The pumping unit is designed to operate continuously with very little maintenance. The feet are designed to accept a standard concrete anchor for mounting. The unit is designed with a large open area to allow the positioning of conduits. The speed of operation can be controlled by adjusting the flow control valves. The hydraulic pumping unit is a complete assembly. In case of electrical failure, the arms can be raised manually. The unit also comes with a weather resistant enclosure in black. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$6,209.07
<b>Model 712 and 714M Cable Crash Beam Barrier Options</b>				
712-4	GS-05-712-4	712 Master Control Panel	Master Control Panel with Annunciator for Model 712 Drop Arm Crash Beam Barrier - single barrier, rack mounted. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,413.10
712-5	GS-05-712-5	712 Remote Control Panel	Remote Control Panel with Annunciator for Model 712 Drop Arm Crash Beam Barrier - single barrier, rack mounted. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,241.81
712-6	GS-05-712-6	712 Additional Loop Detection	Add for Additional Loop Detection for Model 712 Drop Arm Crash Beam Barrier - single barrier. Includes Logic and Harness, ground loop not included. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$213.25

Manufacturer Part Number	Contractor Part Number	Product Name	Product Description	GSA Price
712-6120-3	GS-05-712-6120-3	712 Hydraulic Pump/Single Barrier	Model 6120 Hydraulic Pumping Unit for Model 712 single barrier includes a 208/3/60 motor with programmable logic controller, emergency fast operation, manual hand pump for non-power operation, hydraulic reservoir heater, vehicle loop detector system configured for safety/reset and 30 ft. of hydraulic hose with field fitting. The unit also comes with a weather resistant enclosure in black. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$6,209.07
712-7	GS-05-712-7	712 Stop/Go Signal Light	Stop/Go Signal Light with 6' Mounting Stanchion for Model 712 Drop Arm Crash Beam Barrier. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$779.35
<b>Model 712 Cable Crash Beam Barrier</b>				
712-1	GS-05-712-1	712 Cable Crash Beam Barrier System	Model 712 10,000 lbs @ 18 mph Crash Rated Cable Crash Beam Barrier System w/ standard 12' wide clear opening. Basic components include standard vertical to horizontal arm w/ energy absorption cable assembly, hinge post, receiver/latch post, cable-reinforced crash beam & automatic controls. When hit by vehicle, 4-inch diameter aluminum arm gives way to cable inside, and impact energy is absorbed as cable stretches. When cable is at full tension, impact energy is transferred to foundation. Stanchions finish painted black; Arm finish painted red & white stripes (options available). Hydraulic pumping unit is not included. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$11,129.22
<b>Model 714 Manual Cable Crash Beam Barrier</b>				
714-2	GS-05-714-2	714 Manual Cable Crash Beam Barrier	Model 714 10,000 lbs @ 18 mph Crash Rated Manual Cable Crash Beam Barrier System w/ standard 12' wide clear opening. Basic components of crash beam barriers include standard vertical to horizontal arm w/ energy absorption cable assembly, hinge post, receiver/latch post & cable-reinforced crash beam. When hit by vehicle, 4-inch diameter aluminum arm gives way to cable inside, & impact energy is absorbed as cable stretches. When cable is at full tension, impact energy is then transferred to foundation. Stanchions finish paint black; Arm finish painted red & white stripes (options available). Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$10,491.18
<b>Model 730 and 730M Crash Beam Barrier Options</b>				
730-3	GS-05-730-3	730 Hydraulic Pump/Single Barrier	Model 6120 Hydraulic Pumping Unit for Model 730 single Drop Arm Barrier includes a 208/3/60 motor with programmable logic controller, emergency fast operation, manual hand pump for non-power operation, hydraulic reservoir heater, vehicle loop detector system configured for safety/reset and 30 ft. of hydraulic hose with field fitting. The unit also comes with a weather resistant enclosure in black. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$6,209.07
730-4	GS-05-730-4	730 Master Control Panel	Master Control Panel with Annunciator for Model 730 Drop Arm Crash Beam Barrier - single barrier, rack mounted. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,413.10
730-5	GS-05-730-5	730 Remote Control Panel	Remote Control Panel with Annunciator for Model 730 Drop Arm Crash Beam Barrier - single barrier, rack mounted. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,241.81
730-6	GS-05-730-6	730 Additional Loop Detection	Add for Additional Loop Detection for Model 730 Barrier - single barrier Includes Logic and Harness, ground loop not included. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$213.25
730-7	GS-05-730-7	730 Stop/Go Signal Light	Stop/Go Signal Light with 6' Mounting Stanchion for Model 730 Barrier. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$779.35
<b>Model 730 Crash Beam Barrier</b>				
730-1	GS-05-730-1	730 K4 Crash Beam Barrier System	Model 730 K4 (15,000 lbs @ 30 mph) Crash Rated Drop Arm Crash Beam Barrier with standard 12' wide clear opening. The barrier is designed to transmit the energy of the impacting vehicles to the foundation. It is finished with a superior zinc rust inhibitor and anti-wear paint allowing for superior corrosion protection. Finish painted in black with reflective tape (red/white or other options available). The hydraulic pumping unit is not included. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$17,556.68
<b>Model 730M Manual Crash Beam Barrier</b>				

Manufacturer Part Number	Contractor Part Number	Product Name	Product Description	GSA Price
730M-2	GS-05-730M-2	730M K4 Manual Crash Beam Barrier	Model 730M K4 (15,000 lbs @ 30 mph) Crash Rated Drop Arm Manual Crash Beam Barrier with standard 12' wide clear opening. The barrier is designed to transmit the energy of the impacting vehicles to the foundation. It is finished with a superior zinc rust inhibitor and anti-wear paint allowing for superior corrosion protection. Finish painted in black with reflective tape (red/white or other options available). Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$16,486.15
<b>Model 820 Shallow Mount Plate Barrier</b>				
820-1	GS-05-820-1	820 K12 Shallow Mount Plate Barrier	Model 820 K12 (15,000 lbs @ 50 mph) Crash Rated Shallow Mount Plate Barrier System. Barrier is constructed of heavy-gauge steel shapes & weldments designed to transmit energy of impacting vehicle to foundation. Frame & top plate are finished w/ superior rust inhibitor & anti-wear paint for superior corrosion protection. Consists of cast-in-place foundation frame, raising plate w/ locking linkage & assoc. hardware to move plate from horizontal to raised, secure position w/ aid of hydraulic cylinder w/ all necessary accesses for drains, hydraulic conduits & electrical services. In active (up) position, barrier is 36" high & lowers flush to ground to allow authorized vehicles to pass. Barrier plate is 9' wide & available in custom sizes up to 14'. Barrier provided w/ safety locks. Finish painted in yellow & black (options avail.). Hydraulic pumping unit not included. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$27,833.75
<b>Model 820 Shallow Mount Plate Barrier Options</b>				
820-5	GS-05-820-5	820 Master Control Panel	Master Control Panel with annunciator for Model 820 Single Shallow Mount Plate Barrier System, rack mount. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,413.10
820-6	GS-05-820-6	820 Remote Control Panel	Slave Control Panel with annunciator for Model 820 Single Shallow Mount Plate Barrier System, rack mount. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,241.81
820-6117-4	GS-05-6117-4	820 Hydraulic Pumping Unit/3-4 Barrier	Model 6117 Hydraulic Pumping Unit for Model 820 3-4 barriers includes a 208/3/60 motor with programmable logic controller, emergency fast operation, manual hand pump for non-power operation, hydraulic reservoir heater, vehicle loop detector system configured for safety/reset and 30 ft. of hydraulic hose with field fitting. The unit also comes with a weather resistant enclosure in black. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$21,406.30
820-6118-3	GS-05-6118-3	820 Hydraulic Pumping Unit/Dual	Model 6118 Hydraulic Pumping Unit for Model 820 dual barrier includes a 208/3/60 motor with programmable logic controller, emergency fast operation, manual hand pump for non-power operation, hydraulic reservoir heater, vehicle loop detector system configured for safety/reset and 30 ft. of hydraulic hose with field fitting. The unit also comes with a weather resistant enclosure in black. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$17,124.18
820-6119-2	GS-05-6119-2	820 Hydraulic Pumping Unit/Single	Model 6119 Hydraulic Pumping Unit for Model 820 single barrier includes a 208/3/60 motor with programmable logic controller, emergency fast operation, manual hand pump for non-power operation, hydraulic reservoir heater, vehicle loop detector system configured for safety/reset and 30 ft. of hydraulic hose with field fitting. The unit also comes with a weather resistant enclosure in black. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$14,554.91
820-7	GS-05-820-7	820 Additional Loop Detect System	Additional Loop Detection System for Model 820 Shallow Mount Plate Barrier. Includes Logic & Harness - Ground Loop not included. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$213.25
820-8	GS-05-820-8	820 Stop/Go Signal Light	Stop/Go Signal Light with 6' Mounting Stanchion for Model 820 Shallow Mount Plate Barrier. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$779.35
820-9	GS-05-820-9	820 Heat Trace Cable	6' x 9' Heat Trace Cable for Model 820 Shallow Mount Plate Barrier. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$1,670.03
<b>Model 850 Portable Plate Barrier</b>				

Manufacturer Part Number	Contractor Part Number	Product Name	Product Description	GSA Price
850-1	GS-05-850-1	850 K4 Portable Plate Barrier	Model 850 K4 (15,000 lbs @ 30 mph) Crash Rated Portable Plate Barrier System. Designed to be rapidly deployed in an emergency situation and operational within 15 min. Has clear opening of 12' and may be towed into position using a truck. Once in place is lowered into position w/ built-in jacks. On unpaved or uneven road surfaces, stabilizers on back side of unit serve as add'l reinforcement to increase stopping capacity, opt. jersey barriers may be used in place of stabilizers. Galvanized finish w/ yellow stripes on plate (options avail.). Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$32,758.19
<b>Model 850 Portable Plate Barrier Options</b>				
850-10	GS-05-850-10	850 Stop/Go Signal Light	Stop/Go Signal Light Directly Mounted to Cabinet for Model 850 Barrier System. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,070.53
850-11	GS-05-850-11	850 Photoelectric Beam	Photoelectric Beam for Model 850 Barrier System. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$346.85
850-2	GS-05-850-2	850 PLC Controller	Programmable Logic Controller (PLC) Upgrade for Model 850 Barrier System. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$813.60
850-3	GS-05-850-3	850 12VDC Motor	12VDC Motor for Model 850 Barrier System. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$3,297.23
850-4	GS-05-850-4	850 24VDC Motor	24VDC Motor for Model 850 Barrier System. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$3,297.23
850-5	GS-05-850-5	850 Battery Box with Cables	Battery Box with Cables for Model 850 Barrier. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$192.70
850-6	GS-05-850-6	850 Solar Panel & Charger	Solar Panel and Charger for Model 850 Barrier System. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$2,098.24
850-7	GS-05-850-7	850 Generator Connector	Generator Connector for Model 850 Barrier System. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$261.21
850-8	GS-05-850-8	850 Master Control Panel	Master Control Panel with Annunciator for Model 850 Single Barrier System. Rack mount. PLC upgrade required. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,413.10
850-9	GS-05-850-9	850 Remote Control Panel	Remote Control Panel with Annunciator for Model 850 Single Barrier System. Rack mount. PLC upgrade required. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,241.81
<b>Model 890 Surface Mount Barrier</b>				
890-1	GS-05-890-1	890 Surface Mount Barrier	Model 890 4,000 lbs @ 30 mph Crash Rated Surface Mount Single Barrier System. Barrier constructed of heavy-gauge steel shapes & weldments, a 208/3/60 motor, programmable logic controller, manual lifting bar for non-power operation, vehicle loop detector system for safety/reset & limit switch. Frame & top plate finished w/ rust inhibitor, anti-wear paint, operated by self-contained internal pumping unit w/ valves, ports & fittings to operate barricade for continuous use. Comes w/ necessary accesses for drains, hydraulic conduits & electrical services. In active (up) position, barrier is 24" high & lowers flush to ground. Standard barricade plate allows for 9 ft. clear opening. Provided w/ safety locks. Galvanized finish w/ yellow stripes on plate (options avail.). Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$18,198.99
890-2	GS-05-890-2	890 Master Control Panel	Master Control Panel with Annunciator for Model 890 Single Barrier System, rack mounted. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,413.10
890-3	GS-05-890-3	890 Remote Control Panel	Remote Control Panel with Annunciator for Model 890 Single Barrier System, rack mounted. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,241.81

Manufacturer Part Number	Contractor Part Number	Product Name	Product Description	GSA Price
890-4	GS-05-890-4	890 Add'l Loop Detection System	Additional Loop Detection System for Model 890 Surface Mount Plate Barrier. Includes Logic & Harness - Ground Loop not included. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$213.25
890-5	GS-05-890-5	890 Stop/Go Signal Light	Stop/Go Signal Light mounted on barrier for Model 890 Surface Mount Plate Barrier. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$779.35
890-6	GS-05-890-6	890 Stop/Go Signal Light w/Stanchion	Stop/Go Signal Light with 6' Mounting Stanchion for Model 890 Surface Mount Plate Barrier. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$779.35
890-7	GS-05-890-7	890 Traffic Signal Arm	Traffic Signal Arm mounted on Model 890 Surface Mount Plate Barrier. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$2,212.14
<b>Model B-30 Bollard System</b>				
B-30-10	GS-05-B-30-10	B30 Stop/Go Signal Light	Stop/Go Signal Light with 6' Mounting Stanchion for Model B30 Bollards. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$779.35
B-30-6117-6	GS-05-B-30-6117-6	B30 Hydraulic Pump Unit/3-4 Bollards	Model 6117 Hydraulic Pumping Unit for Model B30 for 3-4 bollards includes a 208/3/60 motor with programmable logic controller, emergency fast operation, manual hand pump for non-power operation, hydraulic reservoir heater, vehicle loop detector system configured for safety/reset and 30 ft. of hydraulic hose with field fitting. The unit also comes with a weather resistant enclosure in black. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$21,406.30
B-30-6118-5	GS-05-B-30-6118-5	B30 Hydraulic Pump Unit/Dual Bollards	Model 6118 Hydraulic Pumping Unit for Model B30 dual bollards includes a 208/3/60 motor with programmable logic controller, emergency fast operation, manual hand pump for non-power operation, hydraulic reservoir heater, vehicle loop detector system configured for safety/reset and 30 ft. of hydraulic hose with field fitting. The unit also comes with a weather resistant enclosure in black. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$17,124.18
B-30-6119-4	GS-05-B-30-6119-4	B30 Hydraulic Pump Unit/Single Bollard	Model 6119 Hydraulic Pumping Unit for Model B30 single bollard includes a 208/3/60 motor with programmable logic controller, emergency fast operation, manual hand pump for non-power operation, hydraulic reservoir heater, vehicle loop detector system configured for safety/reset and 30 ft. of hydraulic hose with field fitting. The unit also comes with a weather resistant enclosure in black. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$14,554.91
B-30-7	GS-05-B-30-7	B30 Master Control Panel	Master Control Panel with Annunciator for Model B30 Bollards - single bollard, rack mounted. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,413.10
B-30-8	GS-05-B-30-8	B30 Remote Control Panel	Remote Control Panel with Annunciator for Model B30 Bollards - single bollard, rack mounted. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,241.81
B-30-9	GS-05-B-30-9	B30 Additional Loop Detection	Add for Additional Loop Detection for Model B30 Bollards - single bollard. Includes Logic and Harness, ground loop not included. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$213.25
B-30-F-3	GS-05-B-30-F-3	B30F Fixed Bollard System	Model B30F K8/L1 (15,000 lbs @ 40 mph with less than 50' of penetration) Crash Rated Fixed Bollard System. This system is constructed of high strength cylindrical steel guided by an offset flange assembly with precision molded anti-friction surfaces. All subterranean components including the foundation are coated to prevent corrosion. Arranged independently or engineered to work as a set. Finish painted yellow (options available). Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,027.71

Manufacturer Part Number	Contractor Part Number	Product Name	Product Description	GSA Price
B-30H-1	GS-05-B-30H-1	B30H Hydraulic Bollard System	Model B30H K8/L1 (15,000 lbs @ 40 mph with less than 50' of penetration) Crash Rated Hydraulic Bollard System. This system is ideal for areas requiring continual operation and access. Consists of one 10" diameter bollard constructed of high strength cylindrical steel guided by an offset flange assembly w/ precision molded anti-friction surfaces. All subterranean components including foundation are coated to prevent corrosion. Arranged independently or engineered to work as a set, the system incorporates dual speeds for normal operation (4-5 seconds) and emergency fast operation (2-3 seconds). The bollard also features multiple operating methods including card reader activation, push button & vehicle detector. Finish painted yellow (options available). Hydraulic pumping units not included. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$6,808.56
B-30SA-2	GS-05-B-30SA-2	B30SA Semi-Automatic Bollard System	Model B30SA K8/L1 (15,000 lbs @ 40 mph with less than 50' of penetration) Crash Rated Semi-Automatic Bollard System. This system is ideal for locations where power is either unavailable or not practical to provide. Constructed of high strength cylindrical steel guided by offset flange assembly w/ molded anti-friction surfaces. All subterranean components including foundation are coated to prevent corrosion. Arranged independently or engineered to work as a set. Finish painted yellow (options available). Hydraulic pumping units not included and not required. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$6,440.30
<b>Model CR-25M Manual Cable Crash Beam Barrier</b>				
CR-25M-2	GS-05-CR-25M-2	CR-25M Manual Cable Crash Beam	Model CR-25M 10,000 lbs @ 18 mph Crash Rated Manually Operated Vertical Cable Crash Beam Barrier w/ 12'0" wide clear opening. Basic components of crash beam barrier includes standard vertical to horizontal arm w/ energy absorption cable assembly, hinge post, receiver/latch post, & cable-reinforced crash beam. When crash beam is hit by vehicle, 4-inch diameter aluminum arm gives way to cable inside, and impact energy is absorbed as cable stretches. When cable is at full tension, impact energy is transferred to foundation. Galvanized steel finish. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$14,130.98
<b>Model CR-25P and CR-25M Cable Crash Beam Barrier Options</b>				
CR-25P-3	GS-05-CR-25P-3	CR-25P Additional Loop Detection	Add for Additional Loop Detection for Model CR-25P Cable Crash Beam Barrier. Includes Logic and Harness, ground loop not included. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$213.25
CR-25P-4	GS-05-CR-25P-4	CR-25P Master Control Panel	Master Control Panel with Annunciator for Model CR-25P Cable Crash Beam Barrier, rack mounted. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,413.10
CR-25P-5	GS-05-CR-25P-5	CR-25P Remote Control Panel	Remote Control Panel with Annunciator for Model CR-25P Cable Crash Beam Barrier, rack mounted. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$1,241.81
<b>Model CR-25P Cable Crash Beam Barrier</b>				
CR-25P-1	GS-05-CR-25P-1	CR-25P Cable Crash Beam Barrier	Model CR-25P 10,000 lbs @ 18 mph Crash Rated Electro-mechanical Vertical Cable Crash Beam Barrier w/ 12'0" wide clear opening. Basic components of crash beam barrier includes standard vertical to horizontal arm w/ energy absorption cable assembly, hinge post, receiver/latch post, cable-reinforced crash beam, electrical control unit, & automatic controls. When crash beam is hit by vehicle, 4-inch diameter aluminum arm gives way to cable inside, and impact energy is absorbed as cable stretches. When cable is at full tension, impact energy is transferred to foundation. Galvanized steel finish. Freight NOT included in item price. Freight is add'l charge & is calculated from factory to delivery location.	\$19,269.52

<b>Bollards</b>				
XT-2300-SLB	GS-38-XT-2300-SLB	Matador Surface Mount Three Bollard System	Matador surface mount three bollard system to include: PAS68 V/7500(N2)/48/90:0/0 crash certification; (1) sliding bollard and (2) stationary bollards; hot-dipped galvanized finish or zinc primer and painted finish; non-slip surface; hydraulic pumping unit ("HPU"); and (1) 2-button control pendant. Please note that freight is not included in the unit price and is an additional charge.	\$49,578.27
XT-2400-SLB	GS-38-XT-2400-SLB	Matador Surface Mount Four Bollard System	Matador surface mount four bollard system to include: PAS68 V/7500(N2)/48/90:0/0 crash certification; (2) sliding bollards and (2) stationary bollards; hot-dipped galvanized finish or zinc primer and painted finish; non-slip surface; hydraulic pumping unit ("HPU"); and (1) 2-button control pendant. Please note that freight is not included in the unit price and is an additional charge.	\$60,122.80
XT-2200-RB1	GS-38-XT-2200-RB1	M50 Raptor Shallow Retractable One Bollard System	M50 Raptor shallow retractable one bollard system to include: ASTM M50 P1 crash certification (rated for a 15,000 pound vehicle traveling at 50 mph); single bollard and housing; hot-dipped galvanized finish or zinc primer and painted finish; non-slip surface; hydraulic pumping unit ("HPU"); barrier control cabinet; barrier control enclosure; and emergency fast operation. Please note that freight is not included in the unit price and is an additional charge.	\$34,635.52
XT-2200-RB2	GS-38-XT-2200-RB2	M50 Raptor Shallow Retractable Two Bollard System	M50 Raptor shallow retractable two bollard system to include: ASTM M50 P1 crash certification (rated for a 15,000 pound vehicle traveling at 50 mph); two bollards and housings; hot-dipped galvanized finish or zinc primer and painted finish; non-slip surface; one hydraulic pumping unit ("HPU") for the two bollards; barrier control cabinet; barrier control enclosure; and emergency fast operation. Please note that freight is not included in the unit price and is an additional charge.	\$58,810.26
XT-2200-UPS	GS-38-XT-2200-UPS	UPS Upgrade for Raptor Bollard System	UPS Upgrade for Raptor bollard system to include: UPS battery back up system for bollard - upgrade to 24/48 VDC hydraulic pumping unit capable of operating bollard and controls for up to 100 cycles after power loss. Please note that freight is not included in the unit price and is an additional charge.	\$11,859.45
<b>Plate Barrier</b>				
XT-2000-INST	GS-38-XT-2000-INST	Installation of M50 Viper Barrier	Installation of ASTM M50 Viper barrier within the continental US to include: receiving and off-loading at project site; excavation in medium soils in preparation for the installation of the barrier; excavation in medium soils in preparation for the concrete base for the HPU (within 30' of barrier); installation and alignment of barrier; installation of rebar; stubbing up drain line and conduits at the barrier; filling the balance of the barrier excavation with concrete to grade; stubbing up conduits at the location of the HPU; forming and pouring the concrete base for the HPU; placement of the HPU; completion of final electrical power terminations to the HPU; installation and connection of hydraulic lines and power and control wire between the HPU and the barrier; installation of (2) safety loops and connection to the loop detectors mounted in the HPU if the barrier is equipped with loop detectors (loop detectors are an additional price to the barrier equipment price); testing and confirmation that the equipment is functioning properly; and providing up to (4) hours of barrier operation and maintenance training to the End User's designated personnel. Price specifically excludes excavation in other than medium soils; trenching and installation of drain line and conduits; field distribution of power to the location of the HPU; installation and connection of traffic light(s); and installation and connection control panel(s).	\$30,880.98
XT-2000-UPS	GS-38-XT-2000-UPS	UPS Upgrade for Viper Wedge Barrier	UPS Upgrade for Viper wedge barrier to include: UPS battery back up system for barrier - upgrade to 24/48 VDC hydraulic pumping unit capable of operating barrier and controls for up to 100 cycles after power loss. Please note that freight is not included in the unit price and is an additional charge.	\$11,859.45
XT-2000-W	GS-38-XT-2000-W	M50 Viper Hydraulic Wedge Barrier	M50 Viper hydraulic wedge barrier to include: ASTM M50 P1 crash certification (rated for a 15,000 pound vehicle traveling at 50 mph); single barrier; 9'8" wide; hot-dipped galvanized finish or zinc primer and painted finish; non-slip surface; reflective tape; barrier skirt; hydraulic pumping unit ("HPU"); barrier control cabinet; barrier control enclosure; and emergency fast operation. Please note that freight is not included in the unit price and is an additional charge.	\$48,110.20

Accessories				
XT-BIT1	GS-38-XT-BIT1	Barrier Installation Technician 1	Barrier installation technician 1 for RSS Viper, Raptor, or Matador to include: hourly rate for barrier/bollard-related installation work to include, but not be limited to, demo of existing barriers; receiving and off-loading equipment; excavation work; trenching/conduit work (excluding material supply of conduits); equipment placement; rebar installation (excluding material supply of rebar); and concrete work (excluding material supply of concrete). Price specifically excludes mobilization/demobilization; per diem; material supply of conduits; material supply of rebar; and material supply of concrete.	\$101.70
XT-BIT2	GS-38-XT-BIT2	Barrier Installation Technician 2	Barrier installation technician 2 for RSS Viper, Raptor, or Matador to include: hourly rate for barrier/bollard-related installation work to include, but not be limited to, completion of final electrical power terminations to the HPU (field distribution of proper power by others); installation and connection of hydraulic lines and power and control wire between the HPU and the barrier (material supply of hydraulic lines, hydraulic oil, power wire and control wire by others); installation and connection of loops (material supply of loops by others); testing; and operation and maintenance training. Price specifically excludes mobilization/demobilization; per diem; field distribution of proper power; material supply of hydraulic lines, hydraulic oil, power wire, and control wire; and material supply of loop wire and sealant.	\$101.70
XT-CP-INST	GS-38-XT-CP-INST	Installation of Control Panel	Installation of control panel within the continental US to include: receiving and off-loading at project site; placement at the control location (within 500' of HPU); installation and connection of control wire <u>in conduit by others</u> between the HPU and the control panel; and testing and confirmation that the equipment is functioning properly. Price assumes installation with a barrier system (not a stand-alone price). Price specifically excludes placement of the control panel greater than 500' from the HPU and trenching and installation of conduit between the HPU and the control panel.	\$3,613.35
XT-EAL	GS-38-XT-EAL	Push Buttons per Additional Lane	Push buttons per additional lane to include: push buttons for remotely operating each additional barrier or single set of bollards (price is per lane); up/down buttons with illuminated status indicator; and EFO button. Please note that freight is not included in the unit price and is an additional charge.	\$352.96
XT-HTM	GS-38-XT-HTM	Heat Trace Mat	Heat trace mat to include: heat trace mat with thermostat for single barrier or bollard. Please note that freight is not included in the unit price and is an additional charge.	\$3,870.59
XT-LTM	GS-38-XT-LTM	Loop Detector	Loop detector to include: loop detector module for barrier or bollard. Please note that freight is not included in the unit price and is an additional charge.	\$654.47
XT-MCP	GS-38-XT-MCP	Master Control Panel	Master control panel to include: master push button panel for remotely operating single barrier or single set of bollards; up/down buttons with illuminated status indicator; EFO button; EFO reset button; and sub remote control panel enable/disable switch. Please note that freight is not included in the unit price and is an additional charge.	\$2,462.34
XT-RCP	GS-38-XT-RCP	Sub Remote Control Panel	Sub remote control panel to include: sub remote push button panel for remotely operating single barrier or single set of bollards; up/down buttons with illuminated status indicator; and EFO button. Please note that freight is not included in the unit price and is an additional charge.	\$2,111.78
XT-TSL	GS-38-XT-TSL	Post-Mounted Traffic Signal Light	Post-mounted traffic signal light to include: mounting anchors; base; pole; and LED red and amber lights. Please note that freight is not included in the unit price and is an additional charge.	\$938.04
XT-TSL-INST	GS-38-XT-TSL-INST	Installation of Traffic Signal Light	Installation of traffic signal light within the continental US to include: receiving and off-loading at project site; excavation in medium soils in preparation for the installation of the concrete base for the traffic signal light post (within 50' of HPU); trenching in medium soils between the location of the HPU and the location of the concrete base for the traffic signal light post (up to 50'); stubbing up conduits at the location of the traffic signal light post; forming and pouring the concrete base for the traffic signal light post; placement and anchorage of the traffic signal light post; installation of the traffic signal lights; installation and connection of control wire between the HPU and the traffic signal lights; and testing and confirmation that the equipment is functioning properly. Price assumes installation with a barrier system (not a stand-alone price). Price specifically excludes placement of the traffic signal light greater than 50' from the HPU and excavation and trenching in <u>other than medium soils</u> .	\$3,290.30

**Manufacturer: RSSI Barrier, LLC**

<b>RSS-3000 Drop Beam Vehicle Barrier</b>				
RSS-3000	GS-33-RSS-3000	RSS-3000 Drop Beam Electric Barrier	12' Drop Beam RSS-3000 Electric Vehicle Barrier System. Barrier is all-electric drop beam vehicle barrier, all steel construction, w/hot dipped galvanized frame w/painted post & beams provide lane coverage up to 12 ft. Beam 33"H to top of beam from roadway, 3000 lbs. (Does not include concrete foundation.) Operating system electromechanical, self-lubricating actuator. Cycle time within 8 sec for standard deployment. Motors available for 120v/230v single phase or 120v/240v 3 phase voltage. Basic Barrier: Custom Control Panel, Touch Screen for barrier controls, Remote Operator Console w/Barrier Controls, Safety Loop Sensors & Flashing LED Safety Lights on Barrier. Barriers shipped operational, self-contained & ready for install. Freight NOT included in item price. Freight is add'l charge & calculated from factory to delivery location.	\$25,602.02
<b>RSS-3000 Drop Beam Vehicle Barrier Installation</b>				
RSS-3000-IN-3001	GS-33-RSS-3000-IN-3001	RSS-3000 Installation	Installation of RSS-3000 Drop Beam Electric Vehicle Barrier. Installation Includes: Installation in asphalt roadway, excavated 2' in medium soils, controls within 50' of unit, and a dedicated electrical outlet supplied by others. Valid for Continental United States Only.	\$20,947.10
<b>RSS-3000 Drop Beam Vehicle Barrier Options</b>

<b>Architectural Pre-Cast Concrete Security Walls</b>				
CS22-SW-30IA	GS-01-CS22-SW-30IA	Pre-Cast Concrete Wall Angle Section	CS22 Design Pre-Cast Concrete Wall Barrier Option: This is a 30° inside angle for the CS22 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS22-SW-300A	GS-01-CS22-SW-300A	Pre-Cast Concrete Wall Angle Section	CS22 Design Pre-Cast Concrete Wall Barrier Option: This is a 30° outside angle for the CS22 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS22-SW-45IA	GS-01-CS22-SW-45IA	Pre-Cast Concrete Wall Angle Section	CS22 Design Pre-Cast Concrete Wall Barrier Option: This is a 45° inside angle for the CS22 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS22-SW-450A	GS-01-CS22-SW-450A	Pre-Cast Concrete Wall Angle Section	CS22 Design Pre-Cast Concrete Wall Barrier Option: This is a 45° outside angle for the CS22 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS22-SW-8		CS22 Pre-Cast Concrete 8' Wall Section	CS22 Design pre-cast concrete 8' wall section to include: wall sized 8' wide, flat ends, steel reinforced, and available in a wide array of colors and finishes. Please note that freight is not included in the unit price.	\$683.12
CS22-SW-90IA	GS-01-CS22-SW-90IA	Pre-Cast Concrete Wall Angle Section	CS22 Design Pre-Cast Concrete Wall Barrier Option: This is a 90° inside angle for the CS22 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS22-SW-900A	GS-01-CS22-SW-900A	Pre-Cast Concrete Wall Angle Section	CS22 Design Pre-Cast Concrete Wall Barrier Option: This is a 90° outside angle for the CS22 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS22-SW-AS		CS22 Pre-Cast Concrete Angle Section	CS22 Pre-cast concrete angle section to include: 30 degree, 45 degree, or 90 degree inside or outside angle section for CS22 design pre-cast concrete wall.	\$478.79
CS22-SW-FE		CS22 Pre-Cast Concrete Finished End	CS22 Design pre-cast concrete finished end to include: finished end (right side or left side) for CS22 design pre-cast concrete wall.	\$119.20
CS22-SW-LSFE	GS-01-CS22-SW-LSFE	Pre-Cast Concrete Wall Finished End	CS22 Design Pre-Cast Concrete Wall Barrier Option: This is a left side finished end for the CS22 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$125.22
CS22-SW-RSFE	GS-01-CS22-SW-RSFE	Pre-Cast Concrete Wall Finished End	CS22 Design Pre-Cast Concrete Wall Barrier Option: This is a right side finished end for the CS22 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$125.22
CS23-SW-12		CS23 Pre-Cast Concrete 12' Wall Section	CS23 Design pre-cast concrete 12' wall section to include: wall sized 12' wide, flat ends, steel reinforced, and available in a wide array of colors and finishes. Please note that freight is not included in the unit price.	\$1,026.50
CS23-SW-30IA	GS-01-CS23-SW-30IA	Pre-Cast Concrete Wall Angle Section	CS23 Design Pre-Cast Concrete Wall Barrier Option: This is a 30° inside angle for the CS23 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS23-SW-300A	GS-01-CS23-SW-300A	Pre-Cast Concrete Wall Angle Section	CS23 Design Pre-Cast Concrete Wall Barrier Option: This is a 30° outside angle for the CS23 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS23-SW-45IA	GS-01-CS23-SW-45IA	Pre-Cast Concrete Wall Angle Section	CS23 Design Pre-Cast Concrete Wall Barrier Option: This is a 45° inside angle for the CS23 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58

Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS24-SW-8		CS24 Pre-Cast Concrete 8' Wall Section	CS24 Design pre-cast concrete 8' wall section to include: wall sized 8' wide, flat ends, steel reinforced, and available in a wide array of colors and finishes. Please note that freight is not included in the unit price.	\$753.25
CS24-SW-90IA	GS-01-CS24-SW-90IA	Pre-Cast Concrete Wall Angle Section	CS24 Design Pre-Cast Concrete Wall Barrier Option: This is a 90° inside angle for the CS24 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS24-SW-900A	GS-01-CS24-SW-900A	Pre-Cast Concrete Wall Angle Section	CS24 Design Pre-Cast Concrete Wall Barrier Option: This is a 90° outside angle for the CS24 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS24-SW-AS		CS24 Pre-Cast Concrete Angle Section	CS24 Pre-cast concrete angle section to include: 30 degree, 45 degree, or 90 degree inside or outside angle section for CS24 design pre-cast concrete wall.	\$478.79

Manufacturer Part Number	Contractor Part Number	Product Name	Product Description	GSA Price
CS24-SW-FE		CS24 Pre-Cast Concrete Finished End	CS24 Design pre-cast concrete finished end to include: finished end (right side or left side) for CS24 design pre-cast concrete wall.	\$119.20
CS24-SW-LSFE	GS-01-CS24-SW-LSFE	Pre-Cast Concrete Wall Finished End	CS24 Design Pre-Cast Concrete Wall Barrier Option: This is a left side finished end for the CS24 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$125.22
CS24-SW-RSFE	GS-01-CS24-SW-RSFE	Pre-Cast Concrete Wall Finished End	CS24 Design Pre-Cast Concrete Wall Barrier Option: This is a right side finished end for the CS24 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$125.22
CS25-SW-30IA	GS-01-CS25-SW-30IA	Pre-Cast Concrete Wall Angle Section	CS25 Design Pre-Cast Concrete Wall Barrier Option: This is a 30° inside angle for the CS25 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS25-SW-300A	GS-01-CS25-SW-300A	Pre-Cast Concrete Wall Angle Section	CS25 Design Pre-Cast Concrete Wall Barrier Option: This is a 30° outside angle for the CS25 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS25-SW-45IA	GS-01-CS25-SW-45IA	Pre-Cast Concrete Wall Angle Section	CS25 Design Pre-Cast Concrete Wall Barrier Option: This is a 45° inside angle for the CS25 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS25-SW-450A	GS-01-CS25-SW-450A	Pre-Cast Concrete Wall Angle Section	CS25 Design Pre-Cast Concrete Wall Barrier Option: This is a 45° outside angle for the CS25 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS25-SW-8		CS25 Pre-Cast Concrete 8' Wall Section	CS25 Design pre-cast concrete 8' wall section to include: wall sized 8' wide, flat ends, steel reinforced, and available in a wide array of colors and finishes. Please note that freight is not included in the unit price.	\$724.23
CS25-SW-90IA	GS-01-CS25-SW-90IA	Pre-Cast Concrete Wall Angle Section	CS25 Design Pre-Cast Concrete Wall Barrier Option: This is a 90° inside angle for the CS25 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS25-SW-900A	GS-01-CS25-SW-900A	Pre-Cast Concrete Wall Angle Section	CS25 Design Pre-Cast Concrete Wall Barrier Option: This is a 90° outside angle for the CS25 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS25-SW-AS		CS25 Pre-Cast Concrete Angle Section	CS25 Pre-cast concrete angle section to include: 30 degree, 45 degree, or 90 degree inside or outside angle section for CS25 design pre-cast concrete wall.	\$478.79
CS25-SW-FE		CS25 Pre-Cast Concrete Finished End	CS25 Design pre-cast concrete finished end to include: finished end (right side or left side) for CS25 design pre-cast concrete wall.	\$119.20
CS25-SW-LSFE	GS-01-CS25-SW-LSFE	Pre-Cast Concrete Wall Finished End	CS25 Design Pre-Cast Concrete Wall Barrier Option: This is a left side finished end for the CS25 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$125.22
CS25-SW-RSFE	GS-01-CS25-SW-RSFE	Pre-Cast Concrete Wall Finished End	CS25 Design Pre-Cast Concrete Wall Barrier Option: This is a right side finished end for the CS25 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$125.22
CS26-SW-12		CS26 Pre-Cast Concrete 12' Wall Section	CS26 Design pre-cast concrete 12' wall section to include: wall sized 12' wide, flat ends, steel reinforced, and available in a wide array of colors and finishes. Please note that freight is not included in the unit price.	\$1,085.74
CS26-SW-30IA	GS-01-CS26-SW-30IA	Pre-Cast Concrete Wall Angle Section	CS26 Design Pre-Cast Concrete Wall Barrier Option: This is a 30° inside angle for the CS26 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58

CS26-SW-300A	GS-01-CS26-SW-300A	Pre-Cast Concrete Wall Angle Section	CS26 Design Pre-Cast Concrete Wall Barrier Option: This is a 30° outside angle for the CS26 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS26-SW-4		CS26 Pre-Cast Concrete 4' Wall Section	CS26 Design pre-cast concrete 4' wall section to include: wall sized 4' wide, flat ends, steel reinforced, and available in a wide array of colors and finishes. Please note that freight is not included in the unit price.	\$361.51
CS26-SW-45IA	GS-01-CS26-SW-45IA	Pre-Cast Concrete Wall Angle Section	CS26 Design Pre-Cast Concrete Wall Barrier Option: This is a 45° inside angle for the CS26 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS26-SW-450A	GS-01-CS26-SW-450A	Pre-Cast Concrete Wall Angle Section	CS26 Design Pre-Cast Concrete Wall Barrier Option: This is a 45° outside angle for the CS26 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS26-SW-8		CS26 Pre-Cast Concrete 8' Wall Section	CS26 Design pre-cast concrete 8' wall section to include: wall sized 8' wide, flat ends, steel reinforced, and available in a wide array of colors and finishes. Please note that freight is not included in the unit price.	\$724.23
CS26-SW-90IA	GS-01-CS26-SW-90IA	Pre-Cast Concrete Wall Angle Section	CS26 Design Pre-Cast Concrete Wall Barrier Option: This is a 90° inside angle for the CS26 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS26-SW-900A	GS-01-CS26-SW-900A	Pre-Cast Concrete Wall Angle Section	CS26 Design Pre-Cast Concrete Wall Barrier Option: This is a 90° outside angle for the CS26 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$503.58
CS26-SW-AS		CS26 Pre-Cast Concrete Angle Section	CS26 Pre-cast concrete angle section to include: 30 degree, 45 degree, or 90 degree inside or outside angle section for CS26 design pre-cast concrete wall.	\$478.79
CS26-SW-FE		CS26 Pre-Cast Concrete Finished End	CS26 Design pre-cast concrete finished end to include: finished end (right side or left side) for CS26 design pre-cast concrete wall.	\$119.20
CS26-SW-LSFE	GS-01-CS26-SW-LSFE	Pre-Cast Concrete Wall Finished End	CS26 Design Pre-Cast Concrete Wall Barrier Option: This is a left side finished end for the CS26 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$125.22
CS26-SW-RSFE	GS-01-CS26-SW-RSFE	Pre-Cast Concrete Wall Finished End	CS26 Design Pre-Cast Concrete Wall Barrier Option: This is a right side finished end for the CS26 design wall. This wall end is steel reinforced and available in a wide array of colors and finishes. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$125.22
CS32-ASW-8		CS32 Pre-Cast Concrete 8' x 8' Wall Section	CS32 Pre-cast concrete 8' x 8' wall section to include: "Alaska" wall design, wall sized 8' wide x 8' high, flat ends, steel reinforced, and available in a wide array of colors and finishes. Please note that freight is not included in the unit price.	\$1,932.09
SW-CABLE		Pre-Cast Concrete Wall Hole	Pre-cast concrete wall hole to include: a hole cast into the pre-cast concrete wall for allowing cable/chain to pass through (cable/chain by others).	\$23.84
SW-TSERT		Insert for Pre-Cast Concrete Wall	Insert for pre-cast concrete wall to include: a threaded insert cast inot the pre-cast concrete wall for receiving a bolt/eye hook (bolt/eye hook furnished/installed by others).	\$24.10
<b>Jersey Walls and Planter Wall Barriers</b>				
CS27-JW-12-FCB	GS-01-CS27-JW-12-FCB	CS27 Flame Cut Black Std 12' Jersey Wall Barrier	CS27 Design flame cut black standard 12' jersey wall barrier to include: sized 12' long; patented interlocking JJ Hooks connection system; steel reinforced and flame cut black concrete granite finish. Please note that freight is not included in the unit price and is an additional charge.	\$1,112.90
CS27-JW-12-FCP	GS-01-CS27-JW-12-FCP	CS27 Flame Cut Pink Std 12' Jersey Wall Barrier	CS27 Design flame cut pink standard 12' jersey wall barrier to include: sized 12' long; patented interlocking JJ Hooks connection system; steel reinforced and flame cut pink concrete granite finish. Please note that freight is not included in the unit price and is an additional charge.	\$1,112.90

CS27-JW-12-PCB	GS-01-CS27-JW-12-PCB	CS27 Pre-Cast Brick Std 12' Jersey Wall Barrier	CS27 Design pre-cast brick standard 12' jersey wall barrier to include: sized 12' long; patented interlocking JJ Hooks connection system; steel reinforced and pre-cast concrete brick finish. Please note that freight is not included in the unit price and is an additional charge.	\$1,572.19
CS27-JW-12-PCG	GS-01-CS27-JW-12-PCG	CS27 Pentagon Concrete Std 12' Jersey Wall Barrier	CS27 Design Pentagon concrete standard 12' jersey wall barrier to include: sized 12' long; patented interlocking JJ Hooks connection system; steel reinforced and Pentagon concrete granite finish. Please note that freight is not included in the unit price and is an additional charge.	\$1,572.19
CS27-JW-12-STF		CS27 Standard 12' Jersey Wall Barrier	CS27 Design standard 12' jersey wall barrier to include: wall sized 12' long, steel reinforced, and standard concrete color and finish. Please note that freight is not included in the unit price.	\$570.56
CS28-JW-8-FCB	GS-01-CS28-JW-8-FCB	CS28 Flame Cut Black Std 8' Jersey Wall Barrier	CS28 Design flame cut black standard 8' jersey wall barrier to include: sized 8' long; patented interlocking JJ Hooks connection system; steel reinforced and flame cut black concrete granite finish. Please note that freight is not included in the unit price and is an additional charge.	\$953.90
CS28-JW-8-FCP	GS-01-CS28-JW-8-FCP	CS28 Flame Cut Pink Std 8' Jersey Wall Barrier	CS28 Design flame cut pink standard 8' jersey wall barrier to include: sized 8' long; patented interlocking JJ Hooks connection system; steel reinforced and flame cut pink concrete granite finish. Please note that freight is not included in the unit price and is an additional charge.	\$953.90
CS28-JW-8-PCB	GS-01-CS28-JW-8-PCB	CS28 Pre-Cast Brick Std 8' Jersey Wall Barrier	CS28 Design pre-cast brick standard 8' jersey wall barrier to include: sized 8' long; patented interlocking JJ Hooks connection system; steel reinforced and pre-cast concrete brick finish. Please note that freight is not included in the unit price and is an additional charge.	\$1,342.53
CS28-JW-8-PCG	GS-01-CS28-JW-8-PCG	CS28 Pentagon Concrete Std 8' Jersey Wall Barrier	CS28 Design Pentagon concrete standard 8' jersey wall barrier to include: sized 8' long; patented interlocking JJ Hooks connection system; steel reinforced and Pentagon concrete granite finish. Please note that freight is not included in the unit price and is an additional charge.	\$1,342.53
CS28-JW-8-STF		CS28 Standard 8' Jersey Wall Barrier	CS28 Design standard 8' jersey wall barrier to include: wall sized 8' long, steel reinforced, and standard concrete color and finish. Please note that freight is not included in the unit price.	\$494.09
CS29-JW-12-FCB	GS-01-CS29-JW-12-FCB	CS29 Flame Cut Black F-Shape 12' Jersey Wall Barrier	CS29 Design flame cut black F-shape 12' jersey wall barrier to include: sized 12' long; patented interlocking JJ Hooks connection system; steel reinforced and flame cut black concrete granite finish. Please note that freight is not included in the unit price and is an additional charge.	\$1,342.53
CS29-JW-12-FCP	GS-01-CS29-JW-12-FCP	CS29 Flame Cut Pink F-Shape 12' Jersey Wall Barrier	CS29 Design flame cut pink F-shape 12' jersey wall barrier to include: sized 12' long; patented interlocking JJ Hooks connection system; steel reinforced and flame cut pink concrete granite finish. Please note that freight is not included in the unit price and is an additional charge.	\$1,342.53
CS29-JW-12-PCB	GS-01-CS29-JW-12-PCB	CS29 Pre-Cast Brick F-Shape 12' Jersey Wall Barrier	CS29 Design pre-cast brick F-shape 12' jersey wall barrier to include: sized 12' long; patented interlocking JJ Hooks connection system; steel reinforced and pre-cast concrete brick finish. Please note that freight is not included in the unit price and is an additional charge.	\$1,837.15
CS29-JW-12-PCG	GS-01-CS29-JW-12-PCG	CS29 Pentagon Concrete F-Shape 12' Jersey Wall Barrier	CS29 Design Pentagon concrete F-shape 12' jersey wall barrier to include: sized 12' long; patented interlocking JJ Hooks connection system; steel reinforced and Pentagon concrete granite finish. Please note that freight is not included in the unit price and is an additional charge.	\$1,837.15
CS29-JW-12-STF		CS29 F-Shape 12' Jersey Wall Barrier	CS29 Design F-shape 12' jersey wall barrier to include: wall sized 12' long, steel reinforced, and standard concrete color and finish. Please note that freight is not included in the unit price.	\$626.75
CS30-PWB1-10-BWF	GS-01-CS30-PWB1-10-BWF	CS30 BW Parkway 10' Planter Wall Barrier	CS30 Design BW Parkway 10' planter wall barrier to include: style 1; sized 10' long; patented interlocking JJ Hooks connection system; steel reinforced and BW Parkway pre-cast concrete stone finish. Please note that freight is not included in the unit price and is an additional charge.	\$2,296.45
CS30-PWB1-10-FCB	GS-01-CS30-PWB1-10-FCB	CS30 Flame Cut Black 10' Planter Wall Barrier	CS30 Design flame cut black 10' planter wall barrier to include: style 1; sized 10' long; patented interlocking JJ Hooks connection system; steel reinforced and flame cut black concrete granite finish. Please note that freight is not included in the unit price and is an additional charge.	\$2,331.77
CS30-PWB1-10-FCP	GS-01-CS30-PWB1-10-FCP	CS30 Flame Cut Pink 10' Planter Wall Barrier	CS30 Design flame cut pink 10' planter wall barrier to include: style 1; sized 10' long; patented interlocking JJ Hooks connection system; steel reinforced and flame cut pink concrete granite finish. Please note that freight is not included in the unit price and is an additional charge.	\$2,331.77

SCL-SR-PS860100	GS-06-SCL-SR-PS860100	Fragment Retention Film, 8-Mil Clear	Fragment retention film, 8-mil clear to include: 8-mil thick clear roll sized 60" x 100' and made with layers of polyester film bonded by special adhesives (this performance characteristic helps hold fractured shards of glass together which reduces personal injury, property damage and downtime caused by a breach of the building envelope)	\$876.78
SCL-SR-PS87275	GS-06-SCL-SR-PS87275	Fragment Retention Film, 8-Mil Clear	Fragment retention film, 8-mil clear to include: 8-mil thick clear roll sized 72" x 75' and made with layers of polyester film bonded by special adhesives (this performance characteristic helps hold fractured shards of glass together which reduces personal injury, property damage and downtime caused by a breach of the building envelope)	\$795.40

<b>Gates and Gate Operators</b>
---------------------------------

**Manufacturer: Hy Security Gate, Inc.**

**Country of Origin:** United States

**Point(s) of Production:** Kent, WA

**SIN:** 334290L

**Unit of Measure:** Per Each

**Fabrication Lead Time:** 42 Days after Receipt of Order

**Warranty:** 1 Year

**Freight Charges:** F.O.B. Origin  
Freight Charges are not included in the Unit Prices.  
Please contact Concentric Security for the Freight Charge.

Manufacturer Part Number	Contractor Part Number	Product Name	Product Description	GSA Price
<b>HydraLift Operators</b>				
HydraSwing 150	GS-35-HS-150	HydraSwing 150	Linear swing gate actuator for the heaviest gates. Gracefully cycle an extremely heavy, up to 15,000 lb (6,804 kg) gate leaf in 20-30 seconds.* Maximum single leaf gate length is 40 ft (12 m). A separate HydraSupply enclosure containing Smart Touch Controller and hydraulic power unit is remotely located, up to 100 ft, from the gate. Note: See FACT SHEET for installation requirements. Includes Parts: HSG 150 Drive Unit / HSG 150 Power Unit	\$20,258.46
HydraSwing 40	GS-35-HS-40	HydraSwing 40	Linear actuator for heavy swing gates and swing gates subject to peak wind loads. Gracefully cycle up to 4,000 lb (1,814 kg) gate leaf in 15-20 seconds.* Maximum single leaf gate length 24 ft (7.3 m). A separate HydraSupply enclosure containing Smart Touch Controller and hydraulic power unit is remotely located, up to 100 ft, from the gate. Note: See FACT SHEET for installation requirements. Includes Parts: HSG 40 Drive Unit / HSG 40 Power Unit	\$13,487.27
HydraSwing 40 Twin	GS-35-HS-40-TWIN	HydraSwing 40 Twin	Choose HydraSwing twin models for bi-parting site applications. Reduce cost of operator and installation with only one power unit and one control unit for the twin operators. Simplifies wiring and installation. Cycle up to 4,000 lb / 16 ft gate leaf in 15-20 seconds.* (1,814 kg / 5 m). Note: See FACT SHEET for installation requirements. Includes Parts: HSG 40 Twin 1 Drive Unit / HSG 40 Twin 2 Drive Unit / HSG 40 Twin Power Unit	\$20,540.32
HydraSwing 40F	GS-35-HS-40-F	HydraSwing 40F	FAST linear actuator moves large, heavy swing gates and swing gates subject to peak wind loads. Gracefully cycle up to 4,000 lb (1,814 kg) gate leaf in 10-15 seconds.* Maximum single leaf gate length is 16 ft (5 m). A separate HydraSupply enclosure containing Smart Touch Controller and hydraulic power unit is remotely located, up to 100 ft, from the gate. Note: See FACT SHEET for installation requirements. Includes Parts: HSG 40F Drive Unit / HSG 40F Power Unit	\$14,118.08
HydraSwing 40F Twin	GS-35-HS-40-F-TWIN	HydraSwing 40F Twin	Choose HydraSwing twin models for bi-parting site applications. Reduce cost of operator and installation with only one power unit and one control unit for the twin operators. Simplifies wiring and installation. Cycle up to 4,000 lb / 16 ft per gate leaf in 10-15 seconds (1,814 kg / 5 m).* Note: See FACT SHEET for installation requirements. Includes Parts: HSG 40F Twin Drive Unit 1 / HSG 40F Twin Drive Unit 2 / HSG 40F Twin Power Unit	\$21,827.49
HydraSwing 80F	GS-35-HS-80-F	HydraSwing 80F	FAST linear swing gate actuator for very heavy gates. Gracefully cycle a very heavy, up to 8,000 lb (3,629 kg) gate leaf in 15-25 seconds.* Maximum single leaf gate length is 30 ft (9 m). A separate HydraSupply enclosure containing Smart Touch Controller and hydraulic power unit is remotely located, up to 100 ft, from the gate. Note: See FACT SHEET for installation requirements. Includes Parts: HSG 80F Drive Unit / HSG 80 Power Unit	\$17,323.21
<b>HydraLift Options</b>				
MX000871	GS-35-MX000871	Anchor Bolt Cages, Pair	Two anchor bolt cages and installation hardware, all HydraLift models	\$2,384.28
MX000999	GS-35-MX000999	Photo Eye Kit, Reflective, 40 ft, 24VDC	Reflective photo eye kit, 40 ft range, AC or 24VDC, includes reflector, mounting bracket and hardware	\$246.65
<b>Modular Options</b>				
AC Power Supply	GS-35-AC	AC Power Supply w/HyInverter AC	UPS backup for ALL HySecurity Variable Frequency (VF) operators including SlideDriver VF2/3, HydraSwing and StrongArmCrash. ALL 1 hp or less AC hydraulic operators which run on single phase, 208/230V including SlideDriver 15 & 40, StrongArm hydraulic, SwingRiser single leaf models. This UPS option will backup most competitor 1 hp, 208/230V operators. NOTE: Use data on specifications table to approximate HyInverter ability to meet other manufacturer's equipment UPS power requirements. HySecurity makes no warranty that AC power supply meets other manufacturer equipment requirements for AC UPS battery backup.	\$8,382.87
HS-6-05	GS-35-HS-6-05	HYDRASUPPLY HEATER	HydraSupply Heater with thermostat, 120VAC for SwingRiser, HydraLift or SlideDriver Modular models.	\$485.24
HS-6-06	GS-35-HS-6-06	HYDRASUPPLY HEATER	HydraSupply Heater with thermostat, 240VAC for SwingRiser, HydraLift or SlideDriver Modular models.	\$485.24
HS-6-10	GS-35-HS-6-10	HYDRASUPPLY HEATER	HydraSupply Heater with thermostat, 480VAC for SwingRiser, HydraLift or SlideDriver Modular models.	\$508.61
HS-6-11	GS-35-HS-6-11	HYDRASUPPLY HEATER	HydraSupply Heater with thermostat, 575VAC for SwingRiser, HydraLift or SlideDriver Modular models.	\$520.71
<b>SlideDriver Operators</b>				
222 CE ST	GS-35-SD-40-C	SLIDEDRIVER 40-C GATE OPERATOR	The SlideDriver 40-C Gate Operator, Correctional Facilities model	\$9,387.20
222 CX 1.7 ST	GS-35-SD-30-F-C	SLIDEDRIVER 30-F-C GATE OPERATOR	The SlideDriver 30-C Gate Operator, Correctional Facilities model	\$10,685.74

Manufacturer Part Number	Contractor Part Number	Product Name	Product Description	GSA Price
222 CX3 ST	GS-35-SD-50-C	SlideDriver 50VF2/3-C	HySecurity correctional facility gate operators come standard with all the software and additional control wiring needed to interface with the many options and interlocks commonly used at correctional facilities. Plus multiple relays, three high security lock options, and an extra heavy 10-gauge steel cover for added protection. Note: See FACT SHEET for more information on Corrections models. See Options & Accessories for high security lock options. HySecurity offers an optional AC Power Supply w/HyInverter AC™ which provides UPS battery backup for 208/230VAC, single-phase AC gate operators	\$10,039.44
222 E ST	GS-35-SD-40	SLIDEDRIVER 40 GATE OPERATOR	The SlideDriver 40 Gate Operator is a continuous duty	\$8,525.54
222 EX 1.7 ST	GS-35-SD-30-F	SLIDEDRIVER 30-F GATE OPERATOR	The SlideDriver 30 Gate Operator is a continuous duty, hydraulic slide gate operator.	\$9,847.46
222 SS ST	GS-35-SD-15	SlideDriver 15	Cycle up to 1,500 lb gate, any length, at 1 ft/s (680 kg / 30 cm/s). Powerful hydraulic motors rotate two compressed polyurethane AdvanceDrive™ wheels, smoothly cycling a rigid drive rail/gate. Note: Order optional XtremeDrive™ System (patent pending) for locations where roll resistant gates or harsh snow and ice conditions risk loss of drive wheel traction. XtremeDrive™ System increases traction with its innovative rack & pinion-like design.	\$7,851.69
222 X1 ST	GS-35-SD-80	SLIDEDRIVER 80 GATE OPERATOR	The SlideDriver 80 Gate Operator is a continuous duty, hydraulic slide gate operator.	\$10,663.17
222 X3 ST	GS-35-SD-50	SlideDriver 50VF2/3	Move a heavy gate SMOOTHLY and FAST, up to 3 ft/s. These operators close gates to a precise point and are extremely easy on gate hardware. SlideDriver VF operators use a variable frequency drive, 8 inch wheels - both wheels driven, and a high flow rate pump to move gates weighing up to 5,000 lb at high speed. Field adjustable Open/Close speeds are 2.2 or 3 ft/s. Emergency Fast Operate at 3 ft/s. (91 cm/s) Listed and restricted to UL 325 usage class III, IV due to high speed. HySecurity offers an optional AC Power Supply w/HyInverter AC™ which provides UPS battery backup for 208/230VAC, single-phase AC gate operators.	\$10,603.53
444 CX ST	GS-35-SD-200-C	SLIDEDRIVER 200-C GATE OPERATOR	The SlideDriver 200-C Gate Operator, Correctional Facilities model	\$20,329.03
444 XS ST	GS-35-SD-200	SLIDEDRIVER 200 GATE OPERATOR	The SlideDriver 200 Gate Operator is a continuous duty, hydraulic slide gate operator.	\$21,619.75
SlideDriver 200 UPS	GS-35-SD-200-UPS	SLIDEDRIVER 200-UPS GATE OPERATOR	The SlideDriver 200-UPS Gate Operator is a continuous duty, hydraulic slide gate operator Includes Parts: 444 DX ST / DCPS-150	\$28,318.40
SlideDriver 30F UPS	GS-35-SD-30-F-UPS	SLIDEDRIVER 30-F-UPS GATE OPERATOR	The SlideDriver 30-F-UPS Gate Operator is a continuous duty Includes Parts: 222 DX 1.7 ST / DCPS-120	\$16,464.83
SlideDriver 30F-C UPS	GS-35-SD-30-F-C-UPS	SLIDEDRIVER 30-F-C-UPS GATE OPERATOR	SlideDriver 30-F-C-UPS Gate Operator Correctional Facilities model Includes Parts: 222 DCX 1.7 ST / DCPS-120	\$17,228.87
SlideDriver 30F-CM	GS-35-SD-30-F-CM	SLIDEDRIVER 30-F-CM GATE OPERATOR	The SlideDriver 30-F-CM Modular Gate Operator Correctional Facilities model Includes Parts: 333 CX 1.7 / 333 CX ST	\$12,728.93
SlideDriver 30F-M	GS-35-SD-30-F-M	SLIDEDRIVER 30-F-M GATE OPERATOR	The SlideDriver 30-F-M Modular Gate Operator is continuous duty Includes Parts: 333 EX ST / 333 EX 1.7	\$12,219.61
SlideDriver 30F-M UPS	GS-35-SD-30-F-M-UPS	SLIDEDRIVER 30-F-M-UPS GATE OPERATOR	SlideDriver 30-F-M-UPS Modular Gate Operator is continuous duty w/ full functionality during AC power outage using DC power from batteries. Includes Parts: 333 DX 1.7 / 333 DX ST / DCPS-120	\$18,191.44
SlideDriver 40 UPS	GS-35-SD-40-UPS	SLIDEDRIVER 40-UPS GATE OPERATOR	The SlideDriver 40-UPS Gate Operator is a continuous duty Includes Parts: 222 DE ST / DCPS-60	\$15,141.47
SlideDriver 40-C UPS	GS-35-SD-40-C-UPS	SLIDEDRIVER 40-C-UPS GATE OPERATOR	SlideDriver 40-C-UPS Gate Operator Correctional Facilities model Includes Parts: 222 DCE ST / DCPS-60	\$15,903.87
SlideDriver 40-CM	GS-35-SD-40-CM	SLIDEDRIVER 40-CM GATE OPERATOR	The SlideDriver 40-CM Modular Gate Operator Correctional Facilities model	\$12,416.72
SlideDriver 40-M	GS-35-SD-40-M	SLIDEDRIVER 40-M GATE OPERATOR	The SlideDriver 40-M Modular Gate Operator Includes Parts: 333 E / 333 E ST	\$10,914.50
SlideDriver 40-M UPS	GS-35-SD-40-M-UPS	SLIDEDRIVER 40-M-UPS GATE OPERATOR	SlideDriver 40M-UPS Modular Gate Operator is continuous duty w/full function during AC power outage w/DC power batteries. Includes Parts: 333 DE / 333 DE ST / DCPS-60	\$17,727.95

Manufacturer Part Number	Contractor Part Number	Product Name	Product Description	GSA Price
SlideDriver 50VF2/3-CM	GS-35-SD-50-CM	SlideDriver 50VF2/3-CM	HySecurity correctional facility gate operators come standard with all the software and additional control wiring needed to interface with the many options and interlocks commonly used at correctional facilities. The motor, hydraulic pump, and electric controls are located in a remote enclosure to accommodate unique mounting, high security, environmental concerns or sites requiring quiet operation. In an emergency situation, press and hold button for Emergency Fast Operate at 3.3 ft/s. Note: See Modular installation notes on FACT SHEET HySecurity offers an optional AC Power Supply w/HyInverter AC™ which provides UPS battery backup for 208/230VAC, single-phase AC gate operators.. Includes Parts: 333 CX3 / 333 CX3 ST	\$14,228.49
SlideDriver 50VF2/3-M	GS-35-SD-50-M	SlideDriver 50VF2/3-M	Modular operators locate motor, hydraulic pump, and electric controls in a remote enclosure to accommodate unique mounting, high security or sites requiring quiet operation. Operator closes gate to a precise point and is extremely easy on gate hardware. In an emergency situation, press and hold button for Emergency Fast Close at 3.3 ft/s. Note: See FACT SHEET for more information on Modular models, and Modular installation notes. HySecurity offers an optional AC Power Supply w/HyInverter AC™ which provides UPS battery backup for 208/230VAC, single-phase AC gate operators. Includes Parts: 333 X3 / 333 X3 ST	\$13,571.74
SlideDriver 80 UPS	GS-35-SD-80-UPS	SLIDEDRIVER 80-UPS GATE OPERATOR	The SlideDriver 80-UPS Gate Operator is a continuous duty Includes Parts: 222 DX1 ST / DCPS-120	\$16,823.12
SlideDriver 80-C UPS	GS-35-SD-80-C-UPS	SLIDEDRIVER 80-C-UPS GATE OPERATOR	The SlideDriver 80-C-UPS Gate Operator Correctional Facilities model Includes Parts: 222 DCX1 ST / DCPS-120	\$17,565.02
SlideDriver 80-M	GS-35-SD-80-M	SLIDEDRIVER 80-M GATE OPERATOR	The SlideDriver 80-M Modular Gate Operator is a continuous duty Includes Parts: 333 X1 / 333 X1 ST	\$13,119.98
SlideDriver 80-M UPS	GS-35-SD-80-M-UPS	SLIDEDRIVER 80-M-UPS GATE OPERATOR	SlideDriver 80-M-UPS Modular Gate Operator is continuous duty w/full function during AC power outage using DC batteries. Includes Parts: 333 DX1 / 333 DX1 ST / DCPS-120	\$19,905.39
<b>SlideDriver Options</b>				
MX3887	GS-35-MX3887	Drive Rail, Aluminum, Non-Grooved, Flanged, 14 ft	Aluminum drive rail, non-grooved, flanged, 14 ft length. Note: Roll pins are required to splice aluminum drive rail. Non-grooved drive rail required for Solenoid Deadbolt Lock option.	\$326.45
MX3990	GS-35-MX3990	Photo Eye Kit, Through Beam, 65 ft	Wired through beam photo eye kit with 65 ft max range limit, wired, 6-35VDC, 12-24VAC. Mounting bracket and hardware included.	\$165.24
MX4621	GS-35-MX4621	Detector, Vehicle, Hy5B™	Improved loop detector module with digital interface to Smart Touch or Smart DC board. Compatible with Hy5A. Automatically sets sensitivity. Automatically compensates for gate movement. Advanced loop diagnostics.	\$137.53
SD-6-00	GS-35-SD-6-00	SLIDEDRIVER HEATER	SlideDriver Heater with thermostat, 120VAC.	\$485.24
SD-6-01	GS-35-SD-6-01	SLIDEDRIVER HEATER	SlideDriver Heater with thermostat, 208 or 240VAC.	\$485.24
SD-6-02	GS-35-SD-6-02	SLIDEDRIVER HEATER	SlideDriver Heater with thermostat, 480VAC, includes relay.	\$508.61
SD-6-03	GS-35-SD-6-03	SLIDEDRIVER HEATER	SlideDriver Heater with thermostat, 575VAC, includes relay.	\$531.99
SD-C-04	GS-35-SD-C-04	XtremeDrive System, 6 inch	6 inch diameter Xtreme drive wheel. Note: XtremeDrive rack sold separately	\$142.67
SD-C-05	GS-35-SD-C-05	XtremeDrive System, 8 inch	8 inch diameter Xtreme drive wheel. Note: XtremeDrive rack sold separately	\$167.66
<b>SlideSmart Operators</b>				
SlideSmart DC 10F	GS-35-SS-DC-10-F	SlideSmart DC 10F	Cycle up to 1,000 lb, 40 ft gate (453 kg/12 m). Set Open/Close speed independently - adjustable 1.75, 2 or 2.25 ft/s. Electromechanical, UPS battery backed up, FAST slide gate operator designed for millions of low maintenance cycles. Optional rodent barrier. UL Usage Class III & IV (Commercial and Industrial Applications) only.** Note: Operator price includes 30 ft (9 m) of #40, corrosion resistant roller chain and two steel gate mounting brackets.	\$2,235.61

Manufacturer Part Number	Contractor Part Number	Product Name	Product Description	GSA Price
SlideSmart DC 15	GS-35-SS-DC-15	SlideSmart DC 15	Cycle up to 1,500 lb, 40 ft gate (680 kg/12 m). Set Open/Close speed independently - adjustable 0.75, 1 or 1.25 ft/s. No heater required unless temperatures drop below -13F (-25C). The low flex, zinc-plated chassis provides superior corrosion protection. Operator features an attractive, tight fitting, key locked, fade resistant cover. Optional rodent barrier. **Speed setting cannot be configured to exceed 1 ft/s for Class I and II usage.safety. Note: Operator price includes 30 ft (9 m) of #40, corrosion resistant roller chain and two steel gate mounting brackets.	\$2,384.13
SlideSmart HD25	GS-35-SS-DC-HD25	SlideSmart DC HD25	Heavy duty HD25 cycles up to 2,500 lb/50 ft gate (1,134 kg/15 m). Open/Close speed set independently, choose 0.75, 1 or 1.25 ft/s (23, 30 or 38 cm/s)* Robust zinc rich primer chassis with black powder coated steel cover. Pad or post mount. *Speed setting cannot be configured to exceed 1 ft/s for Class I and II usage. Note: Operator price includes 30 ft (9 m) of #40, corrosion resistant roller chain and two steel gate mounting brackets.	\$2,627.09
SlideSmart HD30	GS-35-SSDC-HD30	SlideSmart DC HD30	Heavy duty HD30 cycles up to 3,000 lb/50 ft gate (1,361 kg/15 m). Open/Close speed set independently, choose 0.75, 1 or 1.25 ft/s (23, 30 or 38 cm/s)* Robust zinc rich primer chassis with black powder coated steel cover. Pad or post mount. *Speed setting cannot be configured to exceed 1 ft/s for Class I and II usage. Note: Operator price includes 30 ft (9 m) of #40, corrosion resistant roller chain and two steel gate mounting brackets.	\$2,917.87
SlideSmart Solar DCS 10F	GS-35-SSS-10-F	SlideSmart DCS 10F Solar	Operate your energy efficient SlideSmart DCS with a solar panel.† The MPPT solar battery charger regulator is integrated into the Smart DC controller, making installation as simple as connecting two wires. In locations with adequate sunshine, two 8Ah batteries provide up to 1,000 ft (453 m) of gate travel per day. Upgrade to 50Ah batteries with the Extended Battery Backup Kit option for sites requiring more than 1,500 ft of gate travel per day and/or sites in less sunny climates. UL 325 Usage Class III & IV (Commercial and Industrial Applications) only. Note: Operator price includes 30 ft (9 m) of #40, corrosion resistant roller chain and two steel gate mounting brackets. † 40W minimum 24VDC solar panel (or two 12V panels	\$2,448.04
SlideSmart Solar DCS 15	GS-35-SSS-15	SlideSmart DCS 15 Solar	Operate your energy efficient SlideSmart DCS with a solar panel.† The MPPT solar battery charger regulator is integrated into the Smart DC controller, making installation as simple as connecting two wires. In locations with adequate sunshine, two 8Ah batteries provide up to 1,500 ft (457 m) of gate travel per day. Upgrade to 50Ah batteries with the Extended Battery Backup Kit option for sites requiring more than 1,500 ft of gate travel per day and/or sites in less sunny climates. UL 325 Usage Class III & IV (Commercial and Industrial Applications) only. Note: Operator price includes 30 ft (9 m) of #40, corrosion resistant roller chain and two steel gate mounting brackets. † 40W minimum 24VDC solar panel (or two 12V panels in series), not included but required for solar operation.	\$2,040.82

MX002557	GS-35-MX002557	Anchor and Template Kit, M30	Anchor and template kit used for embedding into the concrete foundation anchoring the StrongArm M30 Pivot and Catch Post. Includes templates to insure critical alignment between the two posts, steel anchor plates and 20 bolts with nuts and washers.	\$851.99
MX3030	GS-35-MX3030	Anchor and Template Kit, M50	Anchor and template kit used for embedding into the concrete foundation anchoring the StrongArm M50 Pivot and Catch Post. Includes templates to insure critical alignment between the two posts, steel anchor plates and 20 bolts with nuts and washers.	\$1,135.72
MX3490	GS-35-MX3490	HyNet™ Gateway SFP 4/1	Network attached accessory for communicating gate system and accessory status in real time via Ethernet/fiber. Note: Ships with one interconnect harness (MX3857).	\$562.62
SA-5-01	GS-35-SA-5-01	STRONGARM BARRIER ARM, ALUMINUM	StrongArm Barrier Arm, side mount, aluminum, 2" x 5" x 10' long. Can be used on any StrongArm model. No counterweights required for side mounted arm options. Handing is field selectable for left or right.	\$496.52
SA-5-05	GS-35-SA-5-05	STRONGARM BARRIER ARM, ALUMINUM	StrongArm Barrier Arm, side mount, aluminum, 2" x 5" x 18' long. Requires StrongArm Model 20 or larger. No counterweights required for side mounted arm options. Handing is field selectable for left or right.	\$744.79
SA-5-06	GS-35-SA-5-06	STRONGARM BARRIER ARM, FIBERGLASS	StrongArm Barrier Arm, side mount, fiberglass, 1-3/4" x 4-1/2" x 10' long. Can be used on any StrongArm model. No counterweights required for side mounted arm options. Handing is field selectable for left or right.	\$602.92
SA-5-09	GS-35-SA-5-09	STRONGARM BARRIER ARM, FIBERGLASS	StrongArm Barrier Arm, side mount, fiberglass, 1-3/4" x 4-1/2" x 16' long. Requires StrongArm Model 20 or larger. No counterweights required for side mounted arm options. Handing is field selectable for left or right.	\$968.87
SA-5-11	GS-35-SA-5-11	STRONGARM BARRIER ARM, WOOD	StrongArm Barrier Arm, side mount, wood 1" x 6" x 10' long. Can be used on any StrongArm model. No counterweights required for side mounted arm options. Handing is field selectable for left or right.	\$472.34
SA-5-13	GS-35-SA-5-13	STRONGARM BARRIER ARM, WOOD	StrongArm Barrier Arm, side mount, wood 1" x 6" x 14' long. Can be used on any StrongArm model. No counterweights required for side mounted arm options. Handing is field selectable for left or right.	\$496.52
SA-5-14	GS-35-SA-5-14	STRONGARM BARRIER ARM, DOUBLE WOOD	StrongArm Barrier Arm, side mount, wood 1" x 6" x 14' long. Can be used on any StrongArm model. No counterweights required for side mounted arm options. Double arm, mounts from both sides.	\$839.09
SA-5-15	GS-35-SA-5-15	STRONGARM BARRIER ARM, ALUMINUM	StrongArm Barrier Arm, yoke mount, aluminum, 2" x 5" x 10' long. Can be used on any StrongArm model. Center yoke mounted arms.	\$1,146.20
SA-5-20	GS-35-SA-5-20	STRONGARM BARRIER ARM, ALUMINUM	StrongArm Barrier Arm, yoke mount, aluminum, 2" x 5" x 20' long. Requires StrongArm Model 20 or larger. Center yoke mounted arms. 2 counterweights required.	\$2,019.95
SA-5-22	GS-35-SA-5-22	STRONGARM BARRIER ARM, ALUMINUM	StrongArm Barrier Arm, yoke mount, aluminum, 2" x 5" x 24' long. Requires StrongArm Model 28 or 36. Center yoke mounted arms. 6 counterweights required.	\$2,350.43
SA-5-23	GS-35-SA-5-23	STRONGARM ARM, ALUMINUM/ FIBERGLASS	StrongArm Barrier Arm, yoke mount, aluminum/ fiberglass, single, 2" x 5" x 26' long.	\$3,000.10
SA-5-28	GS-35-SA-5-28	STRONGARM ARM, ALUMINUM/ FIBERGLASS	StrongArm Barrier Arm, yoke mount, aluminum/ fiberglass, single, 2" x 5" x 36' long, includes guy cable kit.	\$6,152.54
SA-5-29	GS-35-SA-5-29	STRONGARM BARRIER ARM, FIBERGLASS	StrongArm Barrier Arm, yoke mount, fiberglass, 1-3/4" x 4-1/2" x 10' long.	\$1,322.72
SA-5-32	GS-35-SA-5-32	STRONGARM BARRIER ARM, FIBERGLASS	StrongArm Barrier Arm, yoke mount, fiberglass, 1-3/4" x 4-1/2" x 16' long.	\$1,441.21
SA-6-00	GS-35-SA-6-00	STRONGARM HEATER	StrongArm Heater with thermostat, 120VAC.	\$485.24
SA-6-01	GS-35-SA-6-01	STRONGARM HEATER	StrongArm Heater with thermostat, 240VAC.	\$485.24
SA-6-02	GS-35-SA-6-02	STRONGARM HEATER	StrongArm Heater with thermostat, 480VAC.	\$508.61
<b>StrongArmPark Operators</b>				
StrongArmPark DC 10	GS-35-SAP-DC-10	StrongArmPark DC 10	Cycle up to 10 ft (3 m) arms, starting and stopping gracefully with three field-adjustable Open/Close speeds: 1.5/2/2.5 seconds. Use HySecurity articulating arms for site clearance issues such as underground parking garages. Note: Standard aluminum arm bracket ships with operator. See "StrongArmPark DC Options & Accessories" for available arm configurations.	\$3,135.52

Manufacturer Part Number	Contractor Part Number	Product Name	Product Description	GSA Price
StrongArmPark DC 14	GS-35-SAP-DC-14	StrongArmPark DC 14	Counterbalance spring allows for cycling arms greater than 10 ft up to 14 ft (3 to 4.3 m). Arms start and stop gracefully with three field adjustable Open/Close speeds: 2.5/3/3.5 seconds. Use HySecurity articulating arms for site clearance issues such as underground parking garages. Note: Standard aluminum arm bracket ships with operator. See "StrongArmPark DC Options & Accessories" for available arm configurations.	\$3,320.91
StrongArmPark Solar DCS 10	GS-35-SAP-DCS-10	StrongArmPark DCS 10	Operate the energy efficient StrongArmPark DCS 10 with a 24VDC solar panel. † The voltage regulator is inherent to the Smart DC controller. Installation is as simple as connecting two wires. The HySecurity designed intelligent three stage charging system monitors battery condition to maximize battery life. See FACT SHEET for more information on Solar models. Note: Standard aluminum arm bracket ships with operator. See "StrongArmPark DC Options & Accessories" for available arm configurations. † 40W minimum 24VDC solar panel (or two 12V - 20W panels wired in series), not included but required for solar operation.	\$2,655.39
StrongArmPark Solar DCS 14	GS-35-SAP-DCS-14	StrongArmPark DCS 14	Operate energy efficient StrongArmPark DCS 14 with a 24VDC solar panel. † The voltage regulator is inherent to the Smart DC controller. Installation is as simple as connecting two wires. The HySecurity designed intelligent three stage charging system monitors battery condition to maximize battery life. Counterbalance spring allows for cycling arms greater than 10 ft up to 14 ft. See FACT SHEET for more information on Solar models. Note: Standard aluminum arm bracket ships with operator. See "StrongArmPark DC Options & Accessories" for available arm configurations. † 40W minimum 24VDC solar panel (or two 12V - 20W panels wired in series), not included but required for solar operation.	\$2,822.77
<b>SwingRiser Operators</b>				
SwingRiser 14	GS-35-SR-14	SWINGRISER 14 SWING GATE OPERATOR	The SwingRiser 14 Swing Gate Operator is the fastest continuous duty, single post, swing gate operator. Includes Parts: HRG 220-A ST / HRG 220 POST	\$17,124.39
SwingRiser 14 UPS	GS-35-SR-14-UPS	SWINGRISER 14-UPS SWING GATE OPERATOR	The SwingRiser 14-UPS Swing Gate Operator is the fastest continuous duty, single post, swing gate operator. Includes Parts: HRG 220-A DC ST / HRG 220 POST / DCPS-60	\$23,932.30
SwingRiser 14-Twin	GS-35-SR-14-TWIN	SWINGRISER 14-TWIN SWING GATE OPERATOR	The SwingRiser 14-Twin Swing Gate Operator is the fastest continuous duty, twin post, swing gate operator. Includes Parts: HRG 222-A ST / HRG 222 POST 1 / HRG 222 POST 2	\$30,154.13
SwingRiser 14-Twin UPS	GS-35-SR-14-TWIN-UPS	SWINGRISER 14-TWIN-UPS GATE OPERATOR	The SwingRiser 14-Twin-UPS Swing Gate Operator is the fastest continuous duty, twin post, swing gate operator. Includes Parts: HRG 222-A DC ST / HRG 222 POST 1 / HRG 222 POST 2 / DCPS-120	\$36,962.04
SwingRiser 19	GS-35-SR-19	SWINGRISER 19 SWING GATE OPERATOR	The SwingRiser 19 Swing Gate Operator is a continuous duty, single post, swing gate operator. Includes Parts: HRG 220-B ST / HRG 220 POST	\$17,486.10
SwingRiser 19 UPS	GS-35-SR-19-UPS	SWINGRISER 19-UPS SWING GATE OPERATOR	The SwingRiser 19-UPS Swing Gate Operator is a continuous duty, single post, swing gate operator. Includes Parts: HRG 220-B DC ST / HRG 220 POST / DCPS-60	\$24,294.02
SwingRiser 19-Twin	GS-35-SR-19-TWIN	SWINGRISER 19-TWIN SWING GATE OPERATOR	The SwingRiser 19-Twin Swing Gate Operator is a continuous duty, twin post, swing gate operator. Includes Parts: HRG 222 POST 1 / HRG 222 POST 2 / HRG 222-B ST	\$31,252.85
SwingRiser 19-Twin UPS	GS-35-SR-19-TWIN-UPS	SWINGRISER 19-TWIN-UPS GATE OPERATOR	The SwingRiser 19-Twin-UPS Swing Gate Operator is a continuous duty, twin post, swing gate operator. Includes Parts: HRG 222-B DC ST / HRG 222 POST 1 / HRG 222 POST 2 / DCPS-120	\$38,060.76
SwingRiser 30	GS-35-SR-30	SWINGRISER 30 SWING GATE OPERATOR	The SwingRiser 30 Swing Gate Operator is a continuous duty, single post, heavy gate, swing gate operator. Includes Parts: HRG 220-C ST / HRG 220 POST	\$18,235.09
SwingRiser 30 UPS	GS-35-SR-30-UPS	SWINGRISER 30-UPS SWING GATE OPERATOR	The SwingRiser 30-UPS Swing Gate Operator is a continuous duty, single post, heavy gate, swing gate operator. Includes Parts: HRG 220-C DC ST / HRG 220 POST / DCPS-60	\$25,043.00

1500WHEATWSTAT-Model 75HC	GS-02-1500WHEATWSTAT-Model 75HC	Wall Tstat for 1,500 W Heat-Model 75HC	The Wall Thermostat for 1,500 Watt Heater for a Model 75HC Booth Option. This option adds a wall mounted thermostat control for the standard 1,500 Watt wall mounted fan forced heating unit that is provided as a standard item in the base booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$186.40
1500WHEATWSTAT-Model 84	GS-02-1500WHEATWSTAT-Model 84	Wall Tstat for 1,500 W Heat-Model 84	The Wall Thermostat for 1,500 Watt Heater for a Model 84 Booth Option. This option adds a wall mounted thermostat control for the standard 1,500 Watt wall mounted fan forced heating unit that is provided as a standard item in the base booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$186.40
1500WHEATWSTAT-Model 85	GS-02-1500WHEATWSTAT-Model 85	Wall Tstat for 1,500 W Heat-Model 85	The Wall Thermostat for 1,500 Watt Heater for a Model 85 Booth Option. This option adds a wall mounted thermostat control for the standard 1,500 Watt wall mounted fan forced heating unit that is provided as a standard item in the base booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$186.40
1500WHEATWSTAT-Model 86	GS-02-1500WHEATWSTAT-Model 86	Wall Tstat for 1,500 W Heat-Model 86	The Wall Thermostat for 1,500 Watt Heater for a Model 86 Booth Option. This option adds a wall mounted thermostat control for the standard 1,500 Watt wall mounted fan forced heating unit that is provided as a standard item in the base booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$186.40
1500WHEATWSTAT-Model 88	GS-02-1500WHEATWSTAT-Model 88	Wall Tstat for 1,500 W Heat-Model 88	The Wall Thermostat for 1,500 Watt Heater for a Model 88 Booth Option. This option adds a wall mounted thermostat control for the standard 1,500 Watt wall mounted fan forced heating unit that is provided as a standard item in the base booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$186.40

1500WHEATWSTAT-Model 95	GS-02-1500WHEATWSTAT-Model 95	Wall Tstat for 1,500 W Heat-Model 95	The Wall Thermostat for 1,500 Watt Heater for a Model 95 Booth Option. This option adds a wall mounted thermostat control for the standard 1,500 Watt wall mounted fan forced heating unit that is provided as a standard item in the base booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$186.40
1500WHEATWSTAT-Model 95R	GS-02-1500WHEATWSTAT-Model 95R	Wall Tstat for 1,500 W Heat-Model 95R	The Wall Thermostat for 1,500 Watt Heater for a Model 95R Booth Option. This option adds a wall mounted thermostat control for the standard 1,500 Watt wall mounted fan forced heating unit that is provided as a standard item in the base booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$186.40
4KWHEATWSTAT-Model 1010	GS-02-4KWHEATWSTAT-Model 1010	Wall Tstat for 4KW Heat-Model 1010	The Wall Thermostat for 4,000 Watt Heater for a Model 1010 Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62
4KWHEATWSTAT-Model 105	GS-02-4KWHEATWSTAT-Model 105	Wall Tstat for 4KW Heat-Model 105	The Wall Thermostat for 4,000 Watt Heater for a Model 105 Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62
4KWHEATWSTAT-Model 106	GS-02-4KWHEATWSTAT-Model 106	Wall Tstat for 4KW Heat-Model 106	The Wall Thermostat for 4,000 Watt Heater for a Model 106 Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62

4KWHEATWSTAT-Model 108	GS-02-4KWHEATWSTAT-Model 108	Wall Tstat for 4KW Heat-Model 108	The Wall Thermostat for 4,000 Watt Heater for a Model 108 Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62
4KWHEATWSTAT-Model 1210	GS-02-4KWHEATWSTAT-Model 1210	Wall Tstat for 4KW Heat-Model 1210	The Wall Thermostat for 4,000 Watt Heater for a Model 1210 Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62
4KWHEATWSTAT-Model 125	GS-02-4KWHEATWSTAT-Model 125	Wall Tstat for 4KW Heat-Model 125	The Wall Thermostat for 4,000 Watt Heater for a Model 125 Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62
4KWHEATWSTAT-Model 125R	GS-02-4KWHEATWSTAT-Model 125R	Wall Tstat for 4KW Heat-Model 125R	The Wall Thermostat for 4,000 Watt Heater for a Model 125R Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62
4KWHEATWSTAT-Model 127R	GS-02-4KWHEATWSTAT-Model 127R	Wall Tstat for 4KW Heat-Model 127R	The Wall Thermostat for 4,000 Watt Heater for a Model 127R Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62

4KWHEATWSTAT-Model 128	GS-02-4KWHEATWSTAT-Model 128	Wall Tstat for 4KW Heat-Model 128	The Wall Thermostat for 4,000 Watt Heater for a Model 128 Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62
4KWHEATWSTAT-Model 1466R	GS-02-4KWHEATWSTAT-Model 1466R	Wall Tstat for 4KW Heat-Model 1466RHC	The Wall Thermostat for 4,000 Watt Heater for a Model 1466RHC Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62
4KWHEATWSTAT-Model 2010	GS-02-4KWHEATWSTAT-Model 2010	Wall Tstat for 4KW Heat-Model 2010	The Wall Thermostat for 4,000 Watt Heater for a Model 2010 Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62
4KWHEATWSTAT-Model 44	GS-02-4KWHEATWSTAT-Model 44	Wall Tstat for 4KW Heat-Model 44	The Wall Thermostat for 4,000 Watt Heater for a Model 44 Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62
4KWHEATWSTAT-Model 54	GS-02-4KWHEATWSTAT-Model 54	Wall Tstat for 4KW Heat-Model 54	The Wall Thermostat for 4,000 Watt Heater for a Model 54 Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62

4KWHEATWSTAT-Model 64	GS-02-4KWHEATWSTAT-Model 64	Wall Tstat for 4KW Heat-Model 64	The Wall Thermostat for 4,000 Watt Heater for a Model 64 Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62
4KWHEATWSTAT-Model 65	GS-02-4KWHEATWSTAT-Model 65	Wall Tstat for 4KW Heat-Model 65	The Wall Thermostat for 4,000 Watt Heater for a Model 65 Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62
4KWHEATWSTAT-Model 66	GS-02-4KWHEATWSTAT-Model 66	Wall Tstat for 4KW Heat-Model 66	The Wall Thermostat for 4,000 Watt Heater for a Model 66 Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62
4KWHEATWSTAT-Model 74	GS-02-4KWHEATWSTAT-Model 74	Wall Tstat for 4KW Heat-Model 74	The Wall Thermostat for 4,000 Watt Heater for a Model 74 Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62
4KWHEATWSTAT-Model 75	GS-02-4KWHEATWSTAT-Model 75	Wall Tstat for 4KW Heat-Model 75	The Wall Thermostat for 4,000 Watt Heater for a Model 75 Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62

4KWHEATWSTAT-Model 95	GS-02-4KWHEATWSTAT-Model 95	Wall Tstat for 4KW Heat-Model 95	The Wall Thermostat for 4,000 Watt Heater for a Model 95 Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62
4KWHEATWSTAT-Model 95R	GS-02-4KWHEATWSTAT-Model 95R	Wall Tstat for 4KW Heat-Model 95R	The Wall Thermostat for 4,000 Watt Heater for a Model 95R Booth Option. This option adds a wall mounted thermostat control for the 4,000 Watt heavy duty wall mounted fan forced heating unit that is provided as an upgraded item in the booth. This wall mounted thermostat replaces the integral thermostat control that is included with the basic heating unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$216.62
4KWREPL-Model 1010	GS-02-4KWREPL-Model 1010	4,000 Watt Fan Forced Heater-Model 1010	The Upgrade Standard Heater to the 4,000 Watt Heavy Duty Fan Forced Heater Option for a Model 1010 Booth. This option replaces the standard 1,500 Watt/120 Volt fan forced wall mounted heating unit with a 4,000 Watt/240 Volt heavy duty wall mounted fan forced heating unit. This upgraded unit has a grille with a white, baked enamel finish, and an integral thermostat control located on the front of the unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$170.03
4KWREPL-Model 105	GS-02-4KWREPL-Model 105	4,000 Watt Fan Forced Heater-Model 105	The Upgrade Standard Heater to the 4,000 Watt Heavy Duty Fan Forced Heater Option for a Model 105 Booth. This option replaces the standard 1,500 Watt/120 Volt fan forced wall mounted heating unit with a 4,000 Watt/240 Volt heavy duty wall mounted fan forced heating unit. This upgraded unit has a grille with a white, baked enamel finish, and an integral thermostat control located on the front of the unit. This option is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$170.03
4KWREPL-Model 106	GS-02-4KWREPL-Model 106	4,000 Watt Fan Forced Heater-Model 106	The Upgrade Standard Heater to the 4,000 Watt Heavy Duty Fan Forced Heater Option for a Model 106 Booth. This option replaces the standard 1,500 Watt/120 Volt fan forced wall mounted heating unit with a 4,000 Watt/240 Volt heavy duty wall mounted fan forced heating unit. This upgraded unit has a grille with a white, baked enamel finish, and an integral thermostat control located on the front of the unit. This option is an additional cost to the base booth price. PREZ-Model 95R	GS-02-PREZ-Model 95R	Presidential Option for Model 95R Booth	The Presidential Option for a Model 95R booth modifies the standard booth to the Presidential premium design. The Presidential premium design modification includes the addition of a standing seam metal hip roof, raised rib exterior wall panels, crown molding below the roof line, and colonial style window mullions. The Presidential design also includes an upgrade from the standard surface mounted fluorescent light fixture with integral switch to a surface mounted light fixture with an acrylic lens and a wall switch, and the upgrade from aluminum window framing to painted steel window framing. This upgrade is an additional cost to the base booth price. Freight NOT included in the item price. Freight is an additional charge and is calculated from the factory to the delivery location.	\$6,629.72

<b>AVB Repair Parts</b>				
GS-40-1/2HHWF	GS-40-1/2HHWF	1/2" Hydraulic Hose with Fittings	Pre-manufactured (not manufactured in field) 1/2" hydraulic hose with (2) straight or (2) 90 degree fittings, price is per foot (contact Concentric Security to confirm fit for the Owner's specific model)	\$13.67
GS-40-1769-L24ER-QBIB	GS-40-1769-L24ER-QBIB	A-B Compactlogix L24ER PLC	A-B Compactlogix L24ER PLC	\$3,729.78
GS-40-18BS	GS-40-18BS	18" Barrier Spring	18" Nasatka barrier spring for active vehicle barrier (contact Concentric Security to confirm fit for the Owner's specific model)	\$1,126.86
GS-40-1HHWF	GS-40-1HHWF	1" Hydraulic Hose with Fittings	Pre-manufactured (not manufactured in field) 1" hydraulic hose with (2) straight or (2) 90 degree fittings, price is per foot (contact Concentric Security to confirm fit for the Owner's specific model)	\$41.58
GS-40-24BS	GS-40-24BS	24" Barrier Spring	24" Nasatka barrier spring for active vehicle barrier (contact Concentric Security to confirm fit for the Owner's specific model)	\$1,419.87
GS-40-264920	GS-40-264920	LED Bulb	SKU #264920 60-Watt equivalent, 9 watt, 120 volt non-dimmable 2700K warm white LED light bulb (contact Concentric Security to confirm fit for the Owner's specific model)	\$4.31
GS-40-2CLEDTL	GS-40-2CLEDTL	2-Color LED Traffic Light	2-Color (red and yellow) LED traffic light to include housing and visors, post and base NOT included (contact Concentric Security to confirm fit for the Owner's specific model)	\$665.30
GS-40-2CLEDTLU	GS-40-2CLEDTLU	2-Color LED Traffic Light Unit	2-Color (red and yellow) LED traffic light unit (8" 200mm red or amber traffic light engine only), housing, visors, post and base NOT included (contact Concentric Security to confirm fit for the Owner's specific model)	\$439.10
GS-40-3/4HHWF	GS-40-3/4HHWF	3/4" Hydraulic Hose with Fittings	Pre-manufactured (not manufactured in field) 3/4" hydraulic hose with (2) straight or (2) 90 degree fittings, price is per foot (contact Concentric Security to confirm fit for the Owner's specific model)	\$22.51
GS-40-3/8HHWF	GS-40-3/8HHWF	3/8" Hydraulic Hose with Fittings	Pre-manufactured (not manufactured in field) 3/8" hydraulic hose with (2) straight or (2) 90 degree fittings, price is per foot (contact Concentric Security to confirm fit for the Owner's specific model)	\$11.77
GS-40-3PHSC	GS-40-3PHSC	Barrier Starter Contactor, 3PHSC	GH15ET-3-00A Starter contactor for active vehicle barrier (contact Concentric Security to confirm fit for the Owner's specific model)	\$190.68
GS-40-A12110700UX0276	GS-40-A12110700UX0276	RSSI LED Warning Light	RSSI LED Warning Light	\$37.92
GS-40-A53S-24	GS-40-A53S-24	Sump Pump	RSSI Sump Pump, A53S	\$427.94
GS-40-DCVIGB	GS-40-DCVIGB	Directional Control Valve for In-Ground Barrier	DG4V-3-2N-M-U-B6-60 Directional control valve for in-ground active vehicle barrier (contact Concentric Security to confirm fit for the Owner's specific model)	\$688.73
GS-40-DCVMB	GS-40-DCVMB	Directional Control Valve for Mobile Barrier	DSG-01-3060-A120-N-7090 Directional control valve for mobile vehicle barrier (contact Concentric Security to confirm fit for the Owner's specific model)	\$440.54
GS-40-DL105PLC	GS-40-DL105PLC	DL-105 PLC	DL-105 Fixed I/O micro PLC with 10 inputs and 8 outputs, program NOT included (contact Concentric Security to confirm fit for the Owner's specific model)	\$439.08
GS-40-DL205PLC	GS-40-DL205PLC	DL-205 PLC	DL-205 PLC	\$2,857.84
GS-40-DMIGB	GS-40-DMIGB	Drive Motor for In-Ground Barrier	Drive motor for a SD10346-DM in-ground active vehicle barrier (contact Concentric Security to confirm fit for the Owner's specific model)	\$1,133.44
GS-40-EA7-T15C	GS-40-EA7-T15C	Touch Panel	15" C More Touch Panel	\$3,546.00
GS-40-FEIGVEKM1H	GS-40-FEIGVEKM1H	Loop Detector Module	Loop Detector Module	\$260.45
GS-40-HCIGB	GS-40-HCIGB	Hydraulic Cylinder	Hydraulic Cylinder for In-Ground Barrier	\$639.18
GS-40-HCMB	GS-40-HCMB	Hydraulic Cylinder for Mobile Barrier	2253-0013-0000 Hydraulic cylinder for mobile vehicle barrier (contact Concentric Security to confirm fit for the Owner's specific model)	\$903.03

Manufacturer Part Number	Contractor Part Number	Product Name	Product Description	GSA Price
GS-40-HPUIGB	GS-40-HPUIGB	HPU for In-Ground Barrier	Hydraulic pumping unit (complete) for a SD10346-HPU in-ground active vehicle barrier to include motor, pump, and valves for one in-ground active vehicle barrier (contact Concentric Security to confirm fit for the Owner's specific model)	\$16,447.03
GS-40-HPUMB	GS-40-HPUMB	HPU for Mobile Barrier	2232-3002-0050 Hydraulic pumping unit (complete) to include motor, pump, and, valves for one mobile vehicle barrier (contact Concentric Security to confirm fit for the Owner's specific model)	\$3,106.80
GS-40-LimitSwitch	GS-40-LimitSwitch	Limit switch	Limit switch, cable output, plastic rod, VCTF oil-resistant cable, 3M (contact Concentric Security to confirm fit for the Owner's specific model)	\$195.01
GS-40-LoopWireSealant	GS-40-LoopWireSealant	Loop Wire and Sealant	24 Linear foot standard loop wire (NOT pre-formed), sealant, and up to a 30' twisted tail (contact Concentric Security to confirm fit for the Owner's specific model)	\$145.17
GS-40-LSMB	GS-40-LSMB	Limit Switch for Mobile Barrier	83873101 Limit switch for mobile vehicle barrier (contact Concentric Security to confirm fit for the Owner's specific model)	\$190.80
GS-40-MACU	GS-40-MACU	Control Unit	Magnetic Automation Control Unit	\$997.28
GS-40-MALED04CLEdVE24C	GS-40-MALED04CLEdVE24C	LED Light Kit	Magnetic Automation LED Light Kit	\$768.42
GS-40-MALS	GS-40-MALS	Limit Switch	Magnetic Automation Limit Switch	\$212.35
GS-40-MAPS01	GS-40-MAPS01	Pendulum Support Unit	Magnetic Automation Pendulum Support Unit	\$402.59
GS-40-MARC02010	GS-40-MARC02010	Traffic Gate Arm	Magnetic Automation Traffic Gate Arm	\$4,057.94
GS-40-MAVARI0BOOM-NC012	GS-40-MAVARI0BOOM-NC012	Replacement VarioBoom, 12'	Magnetic Automation Replacement VarioBoom, 12'	\$466.29
GS-40-MAVARI0BOOM-NC020	GS-40-MAVARI0BOOM-NC020	Replacement VarioBoom, Up to 20'	Magnetic Automation Replacement VarioBoom, Up to 20'	\$503.63
GS-40-MPAI Special	GS-40-MPAI Special	RSSI Barrier Actuator	Rockwell series 2 actuator with rod eye, eye bracket, clevis pin, and clevis bracket for RSSI active vehicle barrier - direct replacement of existing Rockwell series 2 actuator only (contact Concentric Security to confirm fit for the Owner's specific model)	\$10,648.41
GS-40-MX000137	GS-40-MX000137	Brake Kit for SlideDriver Operator	Brake Kit for SlideDriver Operator	\$660.03
GS-40-MX000496	GS-40-MX000496	Chassis for SlideDriver Operator	Chassis for SlideDriver Operator	\$1,558.99
GS-40-MX000585-0	GS-40-MX000585-0	Smart Touch Controller	Smart Touch Controller for SlideDriver Operator	\$815.03
GS-40-MX000877	GS-40-MX000877	Battery	Battery for SlideDriver Operator	\$421.41
GS-40-MX001276	GS-40-MX001276	Soft Start Kit	Soft Start Kit for Slide Driver Operator	\$1,278.61
GS-40-MX001647	GS-40-MX001647	2 HP Electric Motor	2 HP Electric Motor for SlideDriver Operator	\$1,140.59
GS-40-MX001648	GS-40-MX001648	4 HP Electric Motor	4 HP Electric Motor for SlideDriver Operator	\$1,589.76
GS-40-MX001943	GS-40-MX001943	Pump pack	Pump pack for SlideDriver 15 Operator	\$1,593.74
GS-40-MX001944	GS-40-MX001944	Pump pack	Pump pack for SlideDriver 40 Operator	\$1,850.85
GS-40-MX001977	GS-40-MX001977	Pump pack	Pump pack for SlideDriver 50VF2/50VF3 Operator	\$1,813.01
GS-40-MX001979	GS-40-MX001979	Pump pack	Pump pack for SlideDriver 30F/40F/80 Operator	\$2,379.90
GS-40-MX2914-01	GS-40-MX2914-01	240 Volt Battery Charger	240 Volt Battery Charger for SlideDriver Operator	\$970.73
GS-40-MX2918-01	GS-40-MX2918-01	120 Volt Battery Charger	120 Volt Battery Charger for SlideDriver Operator	\$806.82
GS-40-MX3886	GS-40-MX3886	Drive Rail	Drive Rail for SlideDriver Operator	\$2,741.09
GS-40-OPTIMAD34M	GS-40-OPTIMAD34M	Battery	RSSI Battery	\$378.93
GS-40-PhotoEye	GS-40-PhotoEye	Photo eye	Enforcer photo eye, 90' transmitter/receiver, 12/24V AC/DC, with laser alignment (contact Concentric Security to confirm fit for the Owner's specific model)	\$281.68
GS-40-RM2000-24	GS-40-RM2000-24	Sump Pump	RSSI Sump Pump, 24 VDC	\$378.91
GS-40-SPHSC	GS-40-SPHSC	Barrier Starter Contactor, SPHSC	GH15CN-3-01A Starter contactor for active vehicle barrier (contact Concentric Security to confirm fit for the Owner's specific model)	\$121.34
GS-40-SSS-1002	GS-40-SSS-1002	RSSI Barrier Spring	RSSI spring for RSSI active vehicle barrier with mounting hardware (contact Concentric Security to confirm fit for the Owner's specific model)	\$348.85
GS-40-TBPBS	GS-40-TBPBS	Tethered Push Button Station for Mobile Barrier	Tethered hand-held barrier push button station with push buttons for one barrier (contact Concentric Security to confirm fit for the Owner's specific model)	\$280.45

**Manufacturer: Securitech Group, Inc.**

**Country of Origin:** United States

**Point(s) of Production:** Maspeth, NY

**SIN:** 334290L

<b>Bolt Position Switch</b>			
BPS	Bolt Position Switch	Provides signal only to monitoring system (separate)	\$83.83
<b>Instant Keyless Lockdown Lock</b>			
SB175-LC-LH	Instant Keyless Lockdown Lock	Instant button activated lockdown lock for use over cylindrical locksets Rim cylinder required, by others. For doors up to 1-3/4" thick.	\$347.41
SB175-LC-LHR	Instant Keyless Lockdown Lock	Instant button activated lockdown lock for use over cylindrical locksets Rim cylinder required, by others. For doors up to 1-3/4" thick.	\$347.41
SB175-LC-RH	Instant Keyless Lockdown Lock	Instant button activated lockdown lock for use over cylindrical locksets Rim cylinder required, by others. For doors up to 1-3/4" thick.	\$347.41
SB175-LC-RHR	Instant Keyless Lockdown Lock	Instant button activated lockdown lock for use over cylindrical locksets Rim cylinder required, by others. For doors up to 1-3/4" thick.	\$347.41
SB175-LC-SK2-LH	Instant Keyless Lockdown Lock	SAFEBOLT for 2" thick doors. Special Models for thicker doors (includes longer fasteners). Longer rim tailpiece required (by others)	\$351.44
SB175-LC-SK2-LHR	Instant Keyless Lockdown Lock	SAFEBOLT for 2" thick doors. Special Models for thicker doors (includes longer fasteners). Longer rim tailpiece required (by others)	\$351.44
SB175-LC-SK2-RH	Instant Keyless Lockdown Lock	SAFEBOLT for 2" thick doors. Special Models for thicker doors (includes longer fasteners). Longer rim tailpiece required (by others)	\$351.44
SB175-LC-SK2-RHR	Instant Keyless Lockdown Lock	SAFEBOLT for 2" thick doors. Special Models for thicker doors (includes longer fasteners). Longer rim tailpiece required (by others)	\$351.44
SB175-LC-SK3-LH	Instant Keyless Lockdown Lock	SAFEBOLT for 2-1/4" thick doors. Special Models for thicker doors (includes longer fasteners). Longer rim tailpiece required (by others)	\$351.44
SB175-LC-SK3-LHR	Instant Keyless Lockdown Lock	SAFEBOLT for 2-1/4" thick doors. Special Models for thicker doors (includes longer fasteners). Longer rim tailpiece required (by others)	\$351.44
SB175-LC-SK3-RH	Instant Keyless Lockdown Lock	SAFEBOLT for 2-1/4" thick doors. Special Models for thicker doors (includes longer fasteners). Longer rim tailpiece required (by others)	\$351.44
SB175-LC-SK3-RHR	Instant Keyless Lockdown Lock	SAFEBOLT for 2-1/4" thick doors. Special Models for thicker doors (includes longer fasteners). Longer rim tailpiece required (by others)	\$351.44
SB175-LC-SK4-LH	Instant Keyless Lockdown Lock	SAFEBOLT for 2-1/2" thick doors. Special Models for thicker doors (includes longer fasteners). Longer rim tailpiece required (by others)	\$351.44
SB175-LC-SK4-LHR	Instant Keyless Lockdown Lock	SAFEBOLT for 2-1/2" thick doors. Special Models for thicker doors (includes longer fasteners). Longer rim tailpiece required (by others)	\$351.44
SB175-LC-SK4-RH	Instant Keyless Lockdown Lock	SAFEBOLT for 2-1/2" thick doors. Special Models for thicker doors (includes longer fasteners). Longer rim tailpiece required (by others)	\$351.44
SB175-LC-SK4-RHR	Instant Keyless Lockdown Lock	SAFEBOLT for 2-1/2" thick doors. Special Models for thicker doors (includes longer fasteners). Longer rim tailpiece required (by others)	\$351.44
<b>Rim Cylinder</b>			
SBRIMCYL1-KA	Rim Cylinder	Rim cylinder for use with SAFEBOLT -- Provided keyed alike	\$29.02
